

VINAMRA JAIN
diary submission for week 2

#batch meet
19th october,tuesday,8:30 pm
venue-osl

we discussed about the various aspects of our project and division of work.
there was a discussion on working of ez windows and some data file handling.

#batch meet
22nd october,friday,11:45 pm
venue-h3 mess

there was further deliberation on the complexities and rules of our game like
special powers,difficulty levels,ball control etc.

#self study
23rd october,saturday,afternoon

i read online for sample algorithms and format.more on gameplay programming in
such games and ball path handling came to my knowledge.

#team work for phase 1
24th october,sunday
venue-h3

we worked since afternoon on the algorithms.since i my team was entitled
gameplay and ball handling,i worked with my team framing algorithms and
approach for the same.more members joined in as the day passed.
