

Project Diary
Project Name:- Media Database Management
Part 2

Personal Diary

22 Oct 14
Lab from 8:30- 10:35
Discussed Project in details in Lab. Worked on search function. After long debate finally included filters in search function.

29th Oct14
Wednesday
in lab from 8:30-10:30
Worked briefly on Addtvshow().

1st Nov14
12.00 AM - 5:30 AM
Was searching for graphic libraries which could show images. Search Materialized but we decided to not use it due to time required to implement that library.

2nd Nov14
Ankit's Room
in mess at night.
Graphics Discussion
Removed use of images or any other media. We decided to use simplecpp for creating the homepage.

6th Nov14
Ankit's Room
5:00-6:00
Meet to discuss progress and tried SimpleCPP.
6:00-10:00
Saw simpleCPP lectures by Ranade Sir.

End Sem Exams from 8 to 14 Nov.

16 Nov14
Met in Mess after lunch. Distributed work. Created Addtvshow() function on the basis of draft prepared in the lab. in the night

19th Nov14
2:00pm-4:00pm
Created Welcome Page at Ankit's Room.

Discussed and changed format of structures. Started compiling all information related to Movies.

20th Nov14

In my room

solved the problem of positiong text on simplecpp canvas.

Gave info about movies to Ashutosh. Started Data feeding of movies.

21st Nov14

In my room

discussed the progress of our program. Ankit's Birthday treat.

In my room

23rd Nov

Met at Ashutosh's room from 4:30 - 7:10

In My Room 12.00AM-4:30 AM

Search function Layout.Data bas efor trivia and newsfeed

24th Nov14

Database Corrupted due to wrong data type input

Hence repeated data feeding.

Debugging and checked the code.
