

PROJECT DIARY :140100112
ARVIND SANKAR PS

MEET 5:
DATE:25-10
VENUE: H-15 B. ROOM 801
TIME:2 HOURS
DESCRIPTION:

I was given the work to do all the main coding of the game because in all my friends only i had a good command on coding in c++ therefore i started to do that .

MEET 6:
DATE: 30-10
VENUE:H-15 MESS
TIME:3 HOURS
DESCRIPTION:

I just wrote some simple functions and starting code but i was unable to do much because of upcoming endsem exams and had fever for some days.

MEET 7:
DATE :15-11
VENUE:H-15 MESS
TIME: 4 HOURS
DESCRIPTION:

We had a very little time to finish and i got to know that my teammate had not done the saving part properly so i decide to leave that and use simple cpp graphics to finish the work faster. the team was mainly dependent on me as there was 75% coding left and nobody knew coding part properly so i gave my full time to this work as endsem were over and only cs101 was left..

MEET 8:
DATE:24-11
VENUE:ZULFIQAR'S ROOM
TIME:8 HOURS
DESCRIPTION:

I did most of the coding but terminal was unable to compile it as the game was dependent on graphics and zulfiqar made the graphics so i and himanshu did the mixing part of the graphics with the coding.
