

GROUP NAME:- EARTHED

GROUP DIARY

7-oct-2014

After confirmation of group by our TA, we organised a team meeting in computer room of hostel 5 at 10.0 pm. In the meeting we finalised our topic of project as “integrator and differentiator”.

11-oct-2014

Today, we gathered for second meeting and discussed about the problem. We also decided to inform our TA and tell him about the other topic we selected.

15-oct-2014

In today’s meeting, we discussed about the project and drew a flow chart for the project. We divided the topic in four parts and took it as a homework. I was given the task of drafting the project and SRS documentation.

18-oct-2014

We assembled again with our completed tasks on 9.0pm and append it to a single program. We decided to submit it as first stage on 19th oct. The meeting was almost for 4 hours.

20-nov-2014

Some modification in program. Changes in the SRS, Project report and User manual were made.

23-nov-2014

Today’s meeting, we run the program to check the error and also write the comment and complete SRS, user manual, dairy.

24-nov-2014

Our final meeting. We cross-checked our program many times and modified also.

NOTE:-we created a group, named EARTHED, on the social site FACEBOOK. We often used to discuss about the project there also.
