

## **CS-101 diary**

**Name –Pawan Kumar Yadav**

**Slot-6B**

**Group-04**

**7-oct-2014:-**

Select the member of group further choose the leader of group and decide the group name for confirmation to sending a mail to inform about group member and name to the our TA .then organise a meeting to discuss the topic of project and select the topic “Integrator and differentiator” by numerical methods .

**8-oct-2014:-**

I start study on topic and think about logic of algorithm and how to design these things in code block.

**10-oct-2014:-**

My group leader and other member asked to TA ,Sir can I change the topic of project of Couse do it. But as soon as give information of other topic which are choose.

**11-oct-2014:-**

Then organise second meeting to change topic because problem come in coding of “indefinite integral”. Again discuss the topic again of project after that choose a topic by group “Travelling Agency”.

**13-oct-2014:-**

I read about SRS given by TA in lab Monday, on the basis of management and discuss with TA on topic give some idea about design the algorithm.

**15-oct-2014(2:30 to 7:30)**

Complete introduction about topic then draw the flow chart and think about which type of functions are use in program and divide the program in four part distribute them.

**16-oct-2014:-**

I study some pdf given the side cs101 then write the code regarding in task

Checking code in code block.

**17-19oct-2014:-**

Study and design means of destination using function.

**20-nov-2014:-**

We conducting meeting for some modification in project to take accommodation purpose.

**23-nov-2014:-**

Today’s meeting, merging code and run to check the error also write comment of code to help for user reading.
