

# **CS101-diary**

Group name-EARTHED

Name – SHUBHAM SHEKHAR

Slot— 6B

Group--4

**7-oct-2014**

After confirmation of group by our TA, we organised a team meeting in computer room of hostel 5 at 10.0 pm. In the meeting we finalised our topic of project as “integrator and differentiator”.

**8-oct-2014**

I started reading “numerical analysis method of integration and differentiation”. I read about 2 hours and got the method of integration.

**9-oct-2014**

I continued the further reading and understood the method of differentiation.

**10-oct-2014**

I talked to our team leader and told her about my progress. But she mentioned the problems that were coming before us. My other group members along with me were uncomfortable in this program. So we managed another meeting.

**11-oct-2014**

Today, we gathered for second meeting and discussed about the problem. We also decided to inform our TA and tell him about the other topic we selected.

**12-oct-2014**

We informed our TA and asked his assertion. As the topic was not clear, so today I did not read anything regarding project.

**13-oct-2014**

Our TA gave his assertion and we finalised our topic of project “internet booking for travel agency”.

**14-oct-2014**

We discussed about the project with our other member on group chat on facebook and decided to meet on the next day.

**15-oct-2014**

In today’s meeting, we discussed about the project and drew a flow chart for the project. We divided the topic in four parts and took it as a homework. I was given the task of drafting the project and SRS documentation.

**16-oct-2014**

I drew a flow chart and wrote some coding and sent to ISHITA PAL .In this process,I took almost 2 hours.

**17-oct-2014**

I checked the program again and made some modification. time taken –half an hour.

**18-oct-2014**

We assembled again with our completed tasks on 9.0pm and append it to a single program. We decided to submit it as first stage on 19<sup>th</sup> Oct. The meeting was almost for 4 hours.

**19-oct-2014**

Submitted the program of first stage. today, no work was done regarding project.

**27-oct-2014**

I started the code for Goa . wrote for about 1 hour. But could not write whole program.

**29-oct-2014**

I completed the code for Goa.

**1-nov-2014**

I decided to prepare for the upcoming end sem exam. So I started preparing for end sem.

**19-nov-2014**

I started writing code for other destination function.

**20-nov-2014**

A group meeting was held and work was distributed. I write code for 1 hour today.

**21-nov-2014**

All most all destination functions were completed.

**22-nov-2014**

I tested the program. Some errors were coming. So I decided to discuss it with our group leader.

We decided to meet tomorrow

**23-nov-2014**

Group meeting. Program was tested. Some more modification required.

**24-nov-2014**

Gave final touch to the program.
