Personal Project Diary

Name: Nilkantha Das

Group 16 Slot 11

Roll No.:145090014

Week	Day/Date	Time	Venue	Project Design	coding	Discussion/Meeting	Understan-ding Library
1	10.10.14	2:15-3:30 PM	LCH	Initiated the plan of designing Graph plotter		Discussed the problem on how expression of function is to be made understandable to the computer.	
1	11.10.14	9:30-11:00 PM	Hostel 4	Web survey on features of available graph plotter in internet			
2	14-10-14	8:10-8:50PM	Hostel 16				Understanding parsing of function with TA Saurabh.
2	16-10-14	8:45-10:30PM	OSL Lab				Understanding expression toolkit liabrary and

No	Date	Time	Place				
							reading its documentation and learned to import library.
3	18-10-14	9:00PM-4:00AM	Hostel 4	Designing user manual		Discussion on the elements SRS	Understading f parser library, simplecpp and test program of graphics given in iitb cse simplecpp manual
3	19-10-14	1:00 PM-7:30 PM	Hostel4			Editing user manual	
4	22-10-14	10:00PM-12:30PM	Hostel 4		Understabding the graphics program given in simplecpp documentation and coding them		Installation of simplecpp header in microsoft windows but failed
4	24-10-14	8:30PM-9PM	Hostel4		Drawing Axis of the graph on using open Gl		Studing openGl
	26-10-14	10:30 AM-12:00PM	H4			Discussion on Usage of	Reading the

				Open GL with Jaikant and a Msc Computer Science Student in H4	Online documentation of Open Gl for Graphic purpose
Week 5	29.10.14	8:30 pm-9.15 pm		Coding projectile example given in Ranade's book		Reading Chapter 5,20 from Introduction to Programming through C++
Week6	1.11.14				
		11:00 pm- 1:00 am		trying coding for normal graph $y=x^2$ in simplecpp graphics	
	31.10.14				
		10:00PM_		coding with jay kant in	Meeting with

		12:00 PM			his pc	Jaykant on resolving the problem on our relative origin on simplecpp Canvas and deciding the choice of origin	

Week1 of Month of November	2.11.14	5:00pm-6:30pm		Coding together with jaykant in his room	Coding with the help of fparser and its eval function plotting point on canvas		
	5.11.14	10:30-11pm					Studing concatenation With Jaykant
Week3	19.11.14	7:30pm-9:00 pm			Coding for normal chi square distribution		Studing line of best fit and distribution curce with all group member
	22.11.14	Around 7 pm			Coding		

	24.11.14	6:00am-11:41pm		cross checking and editing SRS updation Project report And previous User manual updation.	and faced problem with header file Arranging code providing indentation and linking different codes		s Demo of the program tested encounter bug
