ATTENTED TEAM MEATINGS

6 P.M/7th oct. 2014/tuesday [Rm-48/Hostel-5]
We have discussed about various projects and selected
three projects.

1. Scientific Calculator
2. Banking Application
3. Online Shopping

We discussed about the above project about 2 hrs and
consult with our ta about the project on phone.

3P.M/8th oct. 2014/Wednesday [Rm-2/Hostel-5]

We consult with our TA and finally choose BANKING APPLICATION as our project. We have searched the project in google and discussed about the 'header files', 'functions', used in the project .Our discussion has gone on around 3 hrs.

10 P.M/10TH oct. 2014/Friday [Campus Hub]

We discussed about all the coding have to use in our project and devide coding among ourselves.Our discussion has gone on around 2 hrs.

7 P.M/12th oct. 2014/Sunday [computer room/Hostel-5]

We had a group meeting in computer room of our hostel. There we have worked on our coding and we discuss different faced problems during coding and try to solve .Our discussion and project work has gone on around 3 hrs.

9 P.M/16th oct. 2014/Thursday [osl lab]

Discussed with our TA about different faced problems in our project and try to solve the problems(regarding

character data insertion) using internet on the lab class after quiz.

10 P.M/18th oct. 2014/Saturday [Rm–48/Hostel–5]

We have studied 'structure' in class today and by using 'google', 'youtube' we learned some about 'structure' and 'class' and use 'structure' and 'class' for coding in our project. Our discussion and work on project has gone on around 3 hrs.

3 P.M/19th oct. 2014/Sunday [Rm–48/Hostel–5]

We had a meeting and revised all the codes done so far for the 1st stage and slightly modifed and recorrected.Our discussion and revesion has gone on around 2 hrs.

Personal work done

Did most part of coding

Around 6 hours from 26th nov to 4th December after the first stage is over

And 10 hrs from 18th of nov
