Project Diary

ROHIT BHOR

WEEK 6

<u>22/10/14</u>

Started integrating SCICAL graphics with the code..

Simple function (sine , cos , tan , log , power).(1 Hours)

<u>26/10/14</u>

Nihar gave idea of postfix to me & explain why it is important.

Researched more on postfix.(1 hours)

WEEK 7

<u>27/10/14</u>

Searched on web about postfix .

And worked on 'Variance' function.(30 mins)

29/10/14

Discussed how to integrate special function in SCICAL .(1 Hour)

WEEK 8

03/11/14

Worked more on UI and position of button on display .(30 mins)

WEEK 10

18/11/14

Made function for program .

Function to convert string into file. (Not working   properly).

Made differentiation function.(1 Hour)

19/11/14

Made function given by Nihar , to convert string to double.

Made function (string function , uncertainty , file function).

Wrote project report .(2 hour)

22/11/14

Finished project.(3 hours)

22/11/14

Documentation(1.5 hours)

WEEK 6

22/10/14

Made integrated SCICAL graphics withcode.(1.5 hours)

26/10/14

Thought of logic to be used for postfix.(30 mins)

WEEK 7

26/10/14

Started working on postfix .(1 hour)

29/10/14

Worked on special function in SCICAL .(1 Hour)

01/11/14

Designed postfix for constants only .(60 mins)

WEEK 8

05/11/14

Started working on ' Var ' option .(25 mins)

09/11/14

Worked on ' Var' .(40 mins)

WEEK 9

15/11/14

Continued work on 'Var' .(40mins)

WEEK 10

19/11/14

Finished 'Var' option .(30 mins)

20/11/14

Finished postfix for function for variables .(50 mins)

21/11/14

Started working on equal , uncertainty .(1 hour)

22/11/14

Finished project.(5 hours)

22/11/14

Documentation(.5 hours)

RAM.R.YADAV

22/10/14

Worked on design.(30 mins)

29/10/14

Discussed with Rohit & Nihar of integration special function in SCICAL .(1.5 Hour)

Tested the final project code &Compiled everybody project diary in one file(1 hour) .

22/11/14

Worked on documentation.(1 hour)
