

DIARY ENTRY (RAVI- 140020109)

On October 8. [21:00-22:00]

There was team meeting and there we decided the project. We met with T.A. also.

On October 10.[21:00-21:30]

First I understood the game through internet.

On October 11. [22:00-22:30]

There was a team meeting . We decided to think algorithm for the programme to be used.

On October 12. [20:00-22:00]

I searched net for sample programmes.

Downloaded them and tried to understand them. I did not understand them so I went to yogesh to understand them .

Approached my friend to understand the sample programme .

On October 14. [21:45-22:15]

There was a team meet where we discussed about internet data and ideas.

On October 17. [20:00-22:30]

I tried to make programme in code blocks.

On October 19. [9:00-10:00]

26 October-(21:30-22:15)

Tried to understand code made by Yogesh and took help of Yogesh to understand it.

27 October- (22:00-23:15)

I tried to understand GTK graphics.

We met and it was not decided which graphics to be used.

November 2-(21:00-22:00)

The team decided to use simple cpp for graphics.

So I watched the video lectures in cs101 page.

November 6-(20:30-22:00)

There was team meeting in lab.

November 23-(21:00-22:00)

Saw video lectures by Dr. Ranade. Tried to understand cpp graphics.

November 24

Understood some functions of the code already made. Suggested some ideas to modify the user interface.

.
