

USER MANUAL

RUBIKS CUBE

INSTRUCTIONS

OBJECTIVE :

- 1. the objective of this game is to use your imagination and solve the cube in the least time and least number of moves.***

STARTING OF THE GAME:

- 1. initially every face of the cube is in a uniform different colour.***
- 2. The user has to shuffle the sides of cube randomly and then solve the cube.***
- 3. The user can only rotate the side in anticlockwise manner.***
- 4. Enter the side you have to rotate and no of times you want to rotate. However moves will be shown in 2d design of the cube. Thus you can make rubik cube solved.***

ENJOY THE GAME!!!!!!!!!!!!!!!!!!!!!!
