

# Project Diary

Siddharth Kshatriya- 145060002

Date	Time	Work done
10 <sup>th</sup> Oct	7:30 to 8:40 pm	Attended the group meet. Spoke about the different functions which we can features in our calculator.
12 <sup>th</sup> Oct	9:00 to 10:20 pm	Attended the group meeting
14 <sup>th</sup> Oct	8:30 to 10:00 pm	Attended the group meeting
15 <sup>th</sup> Oct	7:45 pm to 8:20 pm	Studied the algorithm for Infix to Postfix Searched about the SRS document and made a structure for writing the SRS for our project.
16 <sup>th</sup> Oct	10:00 to 1:00 pm; 9:00 to 11pm	Wrote the code for infix to postfix after numerous tries it worked. Attended the group meet at 9:00 pm
17 <sup>th</sup> Oct	6:00 pm to 7:00; 9:00pm to 12:00 am	Studied classes and object oriented programming for the project from the web. Tried to make a rough structure for program. Group Meet at comp room for three hours. I presented the algorithm of Infix to postfix
18 <sup>th</sup> Oct	10:00pm to 3:00 am	Group Meet, Completed the SRS document. Studied the algorithm of Postfix to Evaluation and wrote a code for it, But it only works for single digits. We will have to figure a logic and code which will work for multiple digits. Documented the group diary with pankaj.
19 <sup>th</sup> Oct	3:00pm to 10:00 pm	Documented the algorithms, flowchart. Modified the SRS with some content suggested by the team mates Wrote the project report. Tried for a different code for evaluating the postfix but was unsuccessful. Searched for a different algorithm on the web
