### Workshop on Essential Abstractions in GCC

# Introduction and Opening Remarks

GCC Resource Center

(www.cse.iitb.ac.in/grc)

Department of Computer Science and Engineering, Indian Institute of Technology, Bombay

30 June 2012

#### Part 1

# About GCC Resource Center

30 June 2012 Introduction: Outline 1/28

#### Outline

- About GCC Resource Center
- Workshop Plan

Essential Abstractions in GCC

GCC Resource Center, IIT Bombay

30 June 2012

Introduction: About GCC Resource Center

2/28

# National Resource Center for F/OSS, Phase II

GCC Resource Center is a part of NRCFOSS (II)

- Sponsored by Department of Information Technology (DIT), Ministry of Information and Communication Technology
- CDAC Chennai is the coordinating agency of NRCFOSS (II)
- Participating agencies
   CDAC Chennai, CDAC Mumbai, CDAC Hyderabad, IIT Bombay, IIT Madras, Anna University,
- Project investigators of GCC Resource Center

Uday Khedker: Professor, Dept. of CSE, IIT Bombay
Supratim Biswas: Professor, Dept. of CSE, IIT Bombay
Amitabha Sanyal: Professor, Dept. of CSE, IIT Bombay

**Essential Abstractions in GCC** 

#### National Resource Center for F/OSS, Phase II

Essential Abstractions in GCC

30 June 2012

Introduction: About GCC Resource Center

4/28

2/28

#### **Broad Areas of Interests**

- Program Analysis and Optimization
- Translation Validation
- Retargetable compilation
- Parallelization and Vectorization for SIMD and MIMD Architectures

General explorations applied in the context of GCC

# **Obiectives of GCC Resource Center**

1. To support the open source movement

Providing training and technical know-how of the GCC framework to academia and industry.

2. To include better technologies in GCC

Whole program optimization, Optimizer generation, Tree tiling based instruction selection.

3. To facilitate easier and better quality deployments/enhancements of GCC Restructuring GCC and devising methodologies for systematic construction of machine descriptions in GCC.

4. To bridge the gap between academic research and practical implementation Designing suitable abstractions of GCC architecture

Essential Abstractions in GCC

30 June 2012

Introduction: About GCC Resource Center

5/28

# **Broad Research Goals of GCC Resource Center**

- Using GCC as a means
  - Adding new optimizations to GCC
  - ► Adding flow and context sensitive analyses to GCC (In particular, pointer analysis)
  - Translation validation of GCC
- Using GCC as an end in itself
  - Changing the retargetability mechanism of GCC
  - ▶ Cleaning up the machine descriptions of GCC
  - Systematic construction of machine descriptions
  - Facilitating optimizer generation in GCC

Introduction: About GCC Resource Center

Title	Target	Objectives	Mode	Duration
Workshop on Essential	People interested in deploying or	Explaining the essential abstractions in GCC to	Lectures, demonstrations,	Three days
Abstractions in	enhancing GCC	ensure a quick ramp up	and practicals	uays
GCC		into GCC Internals	(experiements and assignments)	
Tutorial on Essential Abstractions in GCC	People interested in knowing about issues in deploying or enhancing GCC	Explaining the essential abstractions in GCC to ensure a quick ramp up into GCC Internals	Lectures and demonstrations	One day
Workshop on Compiler Construction with Introduction to GCC	College teachers	Explaining the theory and practice of compiler contruction and illustrating them with the help of GCC	Lectures, demonstrations, and practicals (experiements and assignments)	Seven days
Tutorial on Demystifying GCC Compilation	Students	Explaining the translation sequence of GCC through gray box probing (i.e. by examining the dumps produced by GCC)	Lectures and demonstrations	Half day

**Essential Abstractions in GCC** 

30 June 2012

Introduction: About GCC Resource Center

7/28

# **GRC Training Programs**

CS 715: The Design and Implementation of GNU Compiler Generation Framework

- 6 credits semester long course for M.Tech. (CSE) students at IIT Bombay
- Significant component of experimentation with GCC
- Introduced in 2008-2009

#### **GRC Training Programs**

**Essential Abstractions in GCC** 

Part 2

Workshop Plan

30 June 2012 Introduction: Workshop Plan 8/28 30 June 2012 Introduction: Workshop Plan

## **Motivation Behind this Workshop**

- To understand GCC well :-)
- Reasonably quickly

Essential Abstractions in GCC

30 June 2012

Introduction: Workshop Plan

10/28

#### **Our Canvas**

• Version: GCC 4.6.2

Language: C

• Targets: i386, spim (mips simulator)

#### Philosophy and Pedagogy

Twin goals of this workshop:

• Learning how to learn GCC

Our focus will be on

- giving you some core information
- showing you how to discover more information
- Striking a balance between theory and practice

Our focus will be on showing you how to

- discover concepts in a large code base and build abstractions
- ▶ take concepts and update a large code base
- relate the class room concepts of complilers to an industry strength compiler

**Essential Abstractions in GCC** 

9/28

30 June 2012 Introduction: Workshop Plan 11/28

### Philosophy and Pedogogy

- We will
  - Explain configuration and building of GCC
  - ► Explain essential abstractions related to compilation The key intermediate representations and their manipulations
  - ▶ Explain essential abstractions related to program analysis in GCC
  - ▶ Explain essential abstractions related to generation of a compiler The machine descriptions and their influence on compilation
- You will
  - Build and run GCC
  - Examine various IR dumps produced by GCC
  - Add passes to GCC
  - ▶ Add a new machine description and systematically enhance it

30 June 2012

Introduction: Workshop Plan 12/28

#### 30 June 2012

15/28

#### Takeaways from this Workshop

- A programmer will get a better compiler
- A compiler professional will be able to deploy and enhance GCC much more easily.
- A compiler researcher will be able to use GCC for research much better.
- A compiler teacher will be able to strike a better balance between theory and practice.
- A compiler student will be exposed to issues in real compilers.

**Essential Abstractions in GCC** 

30 June 2012

GCC Resource Center, IIT Bombay

Introduction: Workshop Plan 14/28

#### Coverage

- A day wise coverage follows
- The big picture of coverage and logical connections between the topics?

Will be clear after the technical overview

#### Schedule on All Days

Introduction: Workshop Plan

- 09:30. Commencement of the pre-lunch session
- 11:00. Tea Break
- 13:00. Lunch Break
- 14:00. Commencement of the post-lunch session
- 15:30. Tea Break
- 17:15. High Tea (Formal sessions end. Participants can continue to work on the assignments)
- 20:30. Dinner

**Essential Abstractions in GCC** 

30 June 2012

# Coverage on Day 1 (Saturday 30 June 2012)

Introduction: Workshop Plan

Lecture Topics	Lab Topics
<ul> <li>Introductory remarks, Workshop plan</li> <li>An overview of compilation and GCC</li> <li>Gray box probing of GCC</li> <li>Configuration and building</li> <li>(Optional) make, byobu, ctags, ddd, cscope, patch files</li> </ul>	<ul><li> Gray box probing of GCC</li><li> Configuration and building</li></ul>

30 June 2012

Introduction: Workshop Plan 16/28

30 June 2012 Introduction: Workshop Plan

#### 17/28

# Coverage on Day 2 (Sunday 1 July 2012)

**Essential Abstractions in GCC** 

**Essential Abstractions in GCC** 

30 June 2012

30 June 2012

Introduction: Workshop Plan

18/28

# Coverage on Day 4 (Tuesday 3 July 2012)

Lecture Topics	Lab Topics
<ul> <li>Introduction to Parallelization and Vectorization</li> <li>Parallelization and Vectorization in GCC</li> </ul>	Parallelization and Vectorization OR Pointer Analysis OR Machine descriptions in specRTL

# Coverage on Day 3 (Monday 2 July 2012)

Lecture Topics	Lab Topics
<ul> <li>Introduction to machine descriptions</li> <li>Spim machine descriptions</li> <li>specRTL based machine descriptions</li> <li>The retargetability mechanism of GCC</li> </ul>	Machine Descriptions

Introduction: Workshop Plan

19/28

#### **Lecture and Lab Schedule**

- Lab and lectures will be interleaved
- Flexible schedule
- Duration, time, sequencing may be changed dynamically based on how well things are being received
- Use handouts to make notes against the slides

30 June 2012 Introduction: Workshop Plan 20/28

## Video Recording of the Course

- Several requests received in past
   Last request from the GCC Developers' Meet
- Lectures will be recorded by the Talk to A Teacher project of IITB
- Videos will be released in the open source free of cost
- You are requested to sign a consent form
- There are sensitive microphones near you to catch your gossip :-)
  - ▶ Please do not disturb them!
  - ▶ They will catch the vibrations of your mobile phones too!

**Essential Abstractions in GCC** 

30 June 2012

GCC Resource Center, IIT Bombay

Introduction: Workshop Plan

troduction: Workshop Plan 22/28

#### **Announcements and Questions**

- Dinner and breakfast arrangments
  - ▶ Breakfast available in the hostels
  - ► Tea: Available in the fover
  - Dinner: Sat, Sun, Mon: Available at 20:30 in foyer
- Important requirement from the security:

Please continue to wear your name badge throughout the IITB campus

30 June 2012 Introduction: Workshop Plan

#### **Announcements and Questions**

#### Lab arrangements:

- Assignments have to be done in groups of two.
  - ▶ Please use the tea time to finalize your group
  - ► A sheet will be circulated after the tea for group details
  - ▶ If you need a laptop, we will issue it during lunch. You will need to return it in the evening.
- Doing the assignments.
  - Do all exercises on your laptop, or
  - Use your laptop and log into our servers,
  - Use our laptop and log into our servers.
- How to connect to server?
   Separate information sheet has been provided.
- Teaching assistants will help you in doing the assignments

GCC Resource Center, IIT

21/28

**Essential Abstractions in GCC** 

30 June 2012

Introduction: Workshop Plan 23/28

#### **Announcements and Questions**

- Receipts of payments
  - If you have sent the DD earlier, or have made eletronic payment, your receipt may be ready.
  - ▶ Please collect from Nisha on Tuesday during the lunch time.
- Concluding session

**Essential Abstractions in GCC** 

- Informal discussions
- Brief (10 minute) presentations by participating organizations/individuals
   If you are interested, please contact me today or latest tomorrow
- Feedback forms
- ► Announcement of best Teaching Assistant

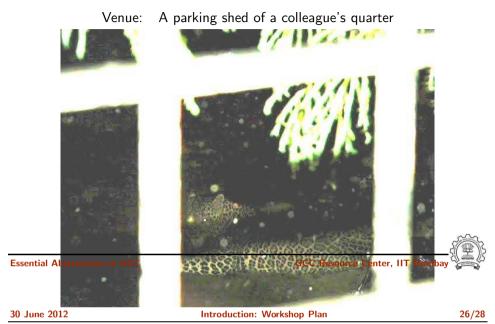

30 June 2012 Introduction: Workshop Plan

30 June 2012 Introduction: Workshop Plan

#### Two Visitors Who Could Not be Accommodated ...

We usually are very selective but sometime some folks gate crash 02:00 a.m. Thursday 28 June 2012

Some Precautions: And then the Good News

- Confining yourself to the main road should not be a problem
- If possible, move out in groups
- In past forty years, only two persons were injured Calculate the probability by considering the number of people who have been on the campus in forty years
- Unless you bother them, the visitors would not bother you

• Do not stray into secluded areas and deserted bylanes from evening until morning

Some Precautions: First the Caution

- Trying to save yourself by hiding behind bushes and thick vegetation on the lake side or hill side may not help Leopards ('s' as in plural) may be hiding there
- Evening walks by the lake are best avoided

**Essential Abstractions in GCC** 

Introduction: Workshop Plan 30 June 2012 27/28

#### Some Precautions: Further Information ...

- Snakes are regular residents. don't bother them
- So are monkeys and cattle

GCC Resource Center, IIT

30 June 2012 Introduction: Workshop Plan 28/28

#### The Support Team

- 1. Aboli Aradhye
- 2. Amitkumar Patil
- 3. Anup Naik
- 4. BalKrishna Jeph
- 5. Dhananjay Sathe
- 6. Deepak Jayanth
- 7. Harbaksh Chhabra
- 8. Gaurav Bhagwat
- 9. Gokul Ramaswamy

- 10. Karan Kalra
- 11. Mukta Joglekar
- 12. Netra Shetty
- 13. Nikhil Sapre
- 14. Nisha Biju
- 15. Prachee Yogi
- 16. Prashant Singh Rawat
- 17. Pritam Gharat
- 18. Rahul Agrawal

- 19. Rahul Asati
- 20. Raj Agrawal
- 21. Rohan Padhye
- 22. Sreenivas M N
- 23. Swati Rathi
- 24. Senthilkumaran N
- 25. Sudakshina Das
- 26. Sumit Jamgade
- 27. Vini Kanvar
