

BATTLE REVERSI

CS101
IIT BOMBAY
AUTUMN 2014

PROJECT DIARY
ZULFIQAR ALI
140260017

OCT 7 (4 hours): . Final topic wasn't

decided. Gave the other team members some links to libraries in

C++ and their usage. Did a lot of research on internet for possible projects.

OCT 8 (3 hours) : Decided the project topic as battle reversi game.

Discussed the basic idea about how the project would be brought about. Also got some idea from past year project's.

OCT 10(2 hours) : Worked at understanding different functions.

OCT 15 (1 hours) : Had a meet and explained the logic I had in mind and asked them to do some coding in the meeting itself.

OCT 19 (6 hours): Had a meet and work was divided. Started writing SRS ,project diary and user draft manual..

OCT 19 (11 pm) : Finished writing for stage 1.

OCT 25(2 hours):had a meet and work was allotted to members. i was given the work of graphics.

OCT 25- NOV 5(16 HOURS): Watched tutorials for learning to use allegro library.

NOV 15(4 HOURS): the idea to use allegro was dropped because i wasn't getting used to it. so decided to learn simple cpp.

NOV15-NOV 24(10 hours): learnt to use simple cpp and did the graphical part of project.

NOV 24(8 HOURS): Wrote srs, user manual and project diary .
