We decided on the team formation with our TA. Finally a team of four was decided. Then we voted our team leader to be ANKUSH MUKHERJEE.

Tuesday 7<sup>th</sup> October 2014

Venue – hostel 16A

I suggested for the topic of Tank Hero' Piano tiles and some others. We shortlisted on the the project topic and decided it to be Chain Reaction. Decided with our TA on the choice of chain reaction.

Sunday -12<sup>th</sup> October 2014

Venue – Room 603 hostel 16A

Time – 9:00 to 10:00pm

We all, the team members , became familiar to the rules of the game. I was allotted the work to make the project report.

Thursday – 16<sup>th</sup> October 2014

Venue- NSL Annex

Time- 8:30 to 10:15 pm

Method of the programming was decided. We also decided on the algorithm. Also we wrote on a piece of paper our details of project and submitted it to our TA. We asked our TA for help with the graphics in simple cpp.

Friday – 17<sup>th</sup> October 2014

Venue – Room 607 hostel 16A

Time – 11:00 to 11:59pm

We started coding.

Time – 12:00 midnight to 1:00 am

I was given the SRS to read it and start planning the project report.

Saturday – 18<sup>th</sup> October 2014

Venue – Room 609 hostel 16A

Time – 7:15 to 8:00pm and 9:00pm to 1:30am

We completed different parts of the code of the program and finally decided to compile it together.

Sunday – 19<sup>th</sup> October 2014

Venue – room 609 hostel 16A

Time – 10:00 to 11:00am

We did the final compilation for stage 1 .

Time – 7:15 to 8:00 pm

Venue – Room 607 hostel 16A

I along with Prajesh prepared the project report.

Monday 20<sup>th</sup> October 2014

Venue-Room no. 607, Hostel 16

Time-1:30-2:00 and 2:00-2:30

We discussed about how the simplecpp graphics package could be used.

Wednesday 20<sup>th</sup> October to Sunday 26<sup>th</sup> October

Daily 35 minutes

I learnt some of the commands and keywords of simplecpp.

I went through the coding done by other members of the group and understood the functions written by other members.

Friday 7<sup>th</sup> November

Venue: Room 603 Hostel 16

Time- 10:00-10:30

Further changes in the code other than graphics were done.

Thursday 18<sup>th</sup> November to 21<sup>st</sup> November

Venue:Room 607 Hostel 16

Total 2 hours spent

On the first day , I was unavailable for doing work as I was feeling nauseatic.

However I helped in the changes in the graphics and code for the 'click' on the 'undo' button to be executed properly.

Sunday 23<sup>rd</sup> November

Venue:Room 607,Hostel 16.

Time: 3:00-5:30 & 9:00-12:45

We did the final debugging and removed all the errors and warnings.

I prepared the Draft User Manual with the help of Akash.

I, along with Prajesh, prepared the Project Report.

Monday 24<sup>th</sup> November

Venue:Room 607,Hostel 16.

Time-9:00-12:00

Final compilation of work done by the team.

Submission of the project-24<sup>th</sup> November 2014.
