

**DATE** : 17/11/2014

**TIME** : 2 hrs 30 min.

**VENUE** : Vivek 's Room.

**DISCUSSION:** I help my team members in writing further coding for 2048 game. I discussed with my team members about how to use loops and functions for upward function required for our game.

**DATE** : 18/11/2014

**TIME** : 3 hrs.

**VENUE** : Vivek 's Room.

**DISCUSSION:** I wrote some code for upward function and also help my team members in writing code.

**DATE** : 19/11/2014

**TIME** : 3 hrs.

**VENUE** : Vivek 's Room.

**DISCUSSION:** further wrote code for downward function. I help to find errors in code written by team members.

**DATE** : 20/11/2014

**TIME** : 3 hrs 30min

**VENUE** : Vivek 's Room.

**DISCUSSION:** I made some slight changes in upward function code and made code for left function required for game. Compile the program for left function and it was successfully done.

**DATE :** 21/11/2014

**TIME :** 4 hrs.

**VENUE :** Vivek 's Room.

**DISCUSSION:** I seen the video lectures of simplecpp graphics given by Prof. Abhiram Ranade and understand the functions of simplecpp graphics. Also I took the reference of simplecpp graphics from his book.

**DATE :** 22/11/2014

**TIME :** 3 hrs.

**VENUE :** Vivek 's Room.

**DISCUSSION:** From the fifth video lecture, I copy the code of puzzle game and made some changes in the code, according to requirement of our game. I tried the add some code for further requirement of our game. Compile the program but it failed. Graphics remain incomplete in our game.
