

DIARY ENTRY

CS 101

Computer Programming and Utilization

Abhinav Kumar (140260021)

21/11/14

Started making plan how to approach our program.

22/11/14

Team decided to use SimpleCpp. Started watching Video Lectures with practising it.

23/11/14

Continued watching Video Lectures with practising it.

24/11/14

Continued watching Video Lectures with practising it.

25/11/14

Team discussed and distributed the work of our project. I got the work on plotting the graph while Aditya got to make parser and program's interface

26/11/14

Started to build an idea for my job.

27/11/14

Got an idea how to make it and started working on that.

28/11/14

Started writing code for my job.

29/11/14

Divided the function given by user into 9 types and thought how to approach it.

30/11/14

Made 1st type of function, but with lot of bugs.

31/11/14

No work due to cold and cough.

01/12/14

No work due to cold and cough.

02/12/14

Wrote 2nd and 3rd type function.

03/12/14

No Work.

04/12/14

Wrote 4th and 5th type of function.

End Semester Preparation

05/12/14

06/12/14

07/12/14

08/12/14

09/12/14

10/12/14

11/12/14

12/12/14

13/12/14

14/12/14

End Semester Over

15/12/14

Wrote 6th and 7th type of function.

16/12/14

Wrote 8th and 9th type of function.

17/12/14

No Work.

18/12/14

Started Debugging. Lots of bugs are present in the program.

19/12/14

Debugging.

20/12/14

Debugging.

21/12/14

Debugging.

22/12/14

No work due to CS 101 End Semester Exam.

23/12/14

Finalising the project, SRS, report and User Manual.

THE END
