

Minutes of the review meeting

We had our peer review on the 12th of November, where we came to the conclusion that the project, in general has been a good learning experience for each of us and that we did achieve all that we had set out to, and more, albeit the fact that we had to modify our approaches significantly, because things turned out to be far different from what we had perceived them to be.

On the whole the following marks have been allotted to the group members. In case fractional marks aren't allowed, we request the instructor to round off to the higher score.

Name	Roll Number	Marks
Avanesh Kumar	110040112	5.5
Ayush Kanodia	110050049	10
Bhaskar Sharma	110010012	7.5
Bhavesk Khandelwal	110040082	9.5
Bhavya Senwar	110010062	4.5
Parth Dalal	110040002	9.5
Parth Chaudhary	11d170002	7.5

We would like to add that we believe ours was an above average project with intensive coding and testing, which has resulted in good overall peer scores.

The time before the + sign is the time spent before Diwali, and after the + sign is the time spent after Diwali.
