

Manifesto

I, Lovesh Gupta (170050051), contesting for the post of Department Alumni Secy, if elected will put my best efforts to do the following :-

General Responsibilities :

1. As a CSEA Council Member :

- To work as a integral part of Department Council.
- To maintain and update the database of the department Alumni for future use with the help of the events like **Phonathon**.
- Getting Alumni updated with activities and achievements of the department via regular mails and newsletter (**BitStream**), asking them if they want to contribute.
- To help SARC in getting more projects from our department for **ILP (Industrial Learning Program)** and to execute it efficiently.

2. As a SARC (HDA) member :

- Connecting the Alumni more with the department with the help of SARC events.
- To promote student's participation in the events of SARC under **Alumination** like Mock-interviews and Speed-Mentoring.
- To invite more department Alumni for the Re-union in december, seeking a chance for **panel discussion and talks** if possible.
- To improve the involvement of both students and Alumni for more participation in **ASMP**.
- To conduct a core-talk by the Alumni of the department during **Alumination**.

Initiatives :

- To invite Alumni on traditional day and feast day, and having an informal interactive session with them.
- With the help of web secretary, to develop an **online Forum**, Alumni and students will make their profiles on the Forum, will easy the interaction with the Alumni.
- The Forum will also work as a platform to interact with ASMP mentors and the Alumni they are working for under ILP.
- To start **Alumni Fundae Talks** according to the need and time, I am proposing three.
 - A talk for different fields of computer science at the start of odd sem or end of even sem
 - A Placement and internship Fundae talk around August-September
 - A special fundae talk for M.tech students
