OVERVIEW

- Introduction
- Creating Title Page
- Unique feature of latex
INTRODUCTION

- Beamer is a document class of latex
INTRODUCTION

- Beamer is a document class of latex
- Beamer is to latex what Powerpoint is to Word
INTRODUCTION

- Beamer is a document class of latex
- Beamer is to latex what Powerpoint is to Word
- An illustrative example follows
Brief Introduction of Beamer:
A CS251 Report
by Group 28

Unique Features of Latex:
Creating pdf/presentations with better layouts with ease.
Hyperlink support, arbitrary fonts, easy documentation.
