

Call For Papers
ICVGIP 2008
Sixth Indian Conference on
Computer Vision, Graphics & Image Processing
December 16-19, 2008
Bhubaneswar, India

Organized by
IEEE Kharagpur Section and
Indian Unit for Pattern Recognition and Artificial Intelligence (IUPRAI)
Technical Co-sponsorship by

General Co-Chairs

A. K. Majumdar
IIT Kharagpur, India

S. K. Mitra
Univ. of Southern California, USA

Organizing Chair

P. K. Biswas
IIT Kharagpur, India

Technical Program Co-Chairs

J. Mukherjee
IIT Kharagpur, India

B. C. Vemuri
Univ. of Florida, USA

Plenary Sessions Chair

P. Anandan
Microsoft Research, India

Theme Sessions Chair

Santanu Chaudhury
IIT Delhi, India

Finance Chair

S. K. Ghosh
IIT Kharagpur, India

Publications Chair

S. Sural
IIT Kharagpur, India

The Indian Conference on Computer Vision, Graphics and Image Processing (**ICVGIP**) has been organized every other year since 1995 by premier academic institutions and research and development laboratories. The objective of the conference is to bring together researchers in the academic institutions and R&D laboratories working in the above fields and to use this as a forum to exchange views and ideas in these topics of current research.

Bhubaneswar, the capital of the state of Orissa, is located in the eastern part of India and well connected by air, rail and road to many major cities in India. Places in and around Bhubaneswar have a number of attractions to offer to the visitors: famous temples and historic shrines as well as a wide range of handicrafts and handwoven textiles. The Udayagiri and Khandagiri hills have a network of Buddhist and Jain caves created almost two thousand years ago. The magnificent Sun Temple at Konark is on the UNESCO World Heritage list. Puri, located on the Bay of Bengal, has one of the most beautiful beaches in India. Chilika Lake, the largest brackish water lake in Asia, abounds with migratory birds during the winter.

Original contributions are solicited for presentation at ICVGIP 08. The topics of interest include (but not limited to) the following:

- Stereo Vision
- Content-Based Image Retrieval
- 3D Shape and Structure Analysis
- Document Image Processing
- Motion and Video Analysis
- 3D Modeling and Visualization
- Sensors, Imaging model and Simulation
- Image-Based Rendering
- Pattern Analysis and Classification
- View Synthesis
- Sensors, Imaging model and Simulation
- Visual Special Effects
- Computational and Statistical Methods
- Biomedical and other Applications
- Satellite Data Analysis and Interpretation
- Image and Video Processing Architecture
- Animation and Motion Capture
- Web graphics
- Image and Video Compression

IMPORTANT DATES

Paper Submission Deadline	: June 15, 2008
Notification of Acceptance	: August 15, 2008
Camera Ready Paper Due	: September 5, 2008
