

## Call for Abstracts for ICVGIP Doctoral Symposium

The ICVGIP Doctoral Symposium is meant for PhD students at an advanced stage working in all areas relevant to ICVGIP to provide an opportunity to showcase their thesis work and interact with experts in the field about their thesis work.

The Doctoral Symposium will be a poster session during the main conference. Note that the presented work at the doctoral symposium have to be original (could be ‘work- in-progress’). Apart from the program committee review, these poster presentations would present the doctoral students with an opportunity of detailed discussions with the conference attendees and obtain feedback on their thesis work. The program committee also encourages the doctoral students to have live and/or interactive demonstrations as part of their presentations.

Each Ph.D. student, who wish to participate in the symposium should submit an extended abstract (at maximum 2 pages in two column IEEE format) to the Doctoral Symposium Program Committee by email (icvgip2016ds@gmail.com) before the end of deadline. The abstract must include student and advisor(s) names, affiliations and communication address. The extended abstract should clearly describe the main motivation and results with adequate details to allow the program committee to comprehend the potential contribution(s) of the work. All collated accepted abstracts will be available on the ICVGIP website. This doctoral symposium is meant for current Ph.D. students, i.e. they should be bonafide Ph.D. students during the symposium.

### Awards

Multiple doctoral symposium paper awards will be given for the best poster presentations (including the impact of the work presented) during the main conference.

### Important Dates

Doctoral Symposium Submissions Due	October 30, 2016
Notification of Acceptance	November 7, 2016
Revised submission of abstracts	November 15, 2016

### Contact

For any questions regarding doctoral symposium, contact the chairs:  
R. Venkatesh Babu, IISc Bangalore (venky@cds.iisc.ac.in)  
V. Vijaya Saradhi, IIT Guwahati (saradhi@iitg.ernet.in)
