

**Advocacy Project**

*A New Vikasvaad* and  
the role of knowledge

Milind Sohoni, CSE and CTARA, IIT Bombay

# The agenda

- The questions of development and possible answers
- How is development delivered - Structure of society
- The knowledge deficit and how to bridge it
- Unnat Maharashtra Abhiyan
- Its problems and a more detailed structure
- Whats next
- A historical and sociological digression

**Advocacy:** Advising the customer rather than the producer of a public service, good.

# Broad Developmental Questions

Why did Chiplun flood again? Were the reservoir gates really open?

How many did die in Covid 19? How many hospital beds should we prepare for?

Why are there potholes on our roads?

Why is their persistent malnutrition?

How did Powai lake get polluted right under the very nose of the top engineering institution in India?

**Questions:** Unexpected events and also regular course. Most related to the performance of the state, and some the market.

More structure...

**Knowledge : Do we know how to (eventually) solve these?**

**Agency: Do we (or can we) have the agencies who will do it?**

**Incentive and Realization: Do we know how to pay these agents - money, prestige, value?**

# Some diagnoses

Politicians are corrupt. They do not take correct decisions. They focus on wrong issues.

People are undisciplined and do not take care. They don't pay taxes. People are uneducated and foolish.

The state is excessively bureaucratic and slow.

The top bureaucracy is competent, but that is not so, lower down,

The top bureaucracy is not competent. The state does not have the capacity to do all these things.

There is no money for all these things. People cannot afford these things.

# The simplest model of society

**People being served by state and private agents. Note that both sides are frequently the same persons, but in different roles. A bus-conductor staying in a colony, or an auto-driver in a slum, or a an executive in a tony neighborhood.**

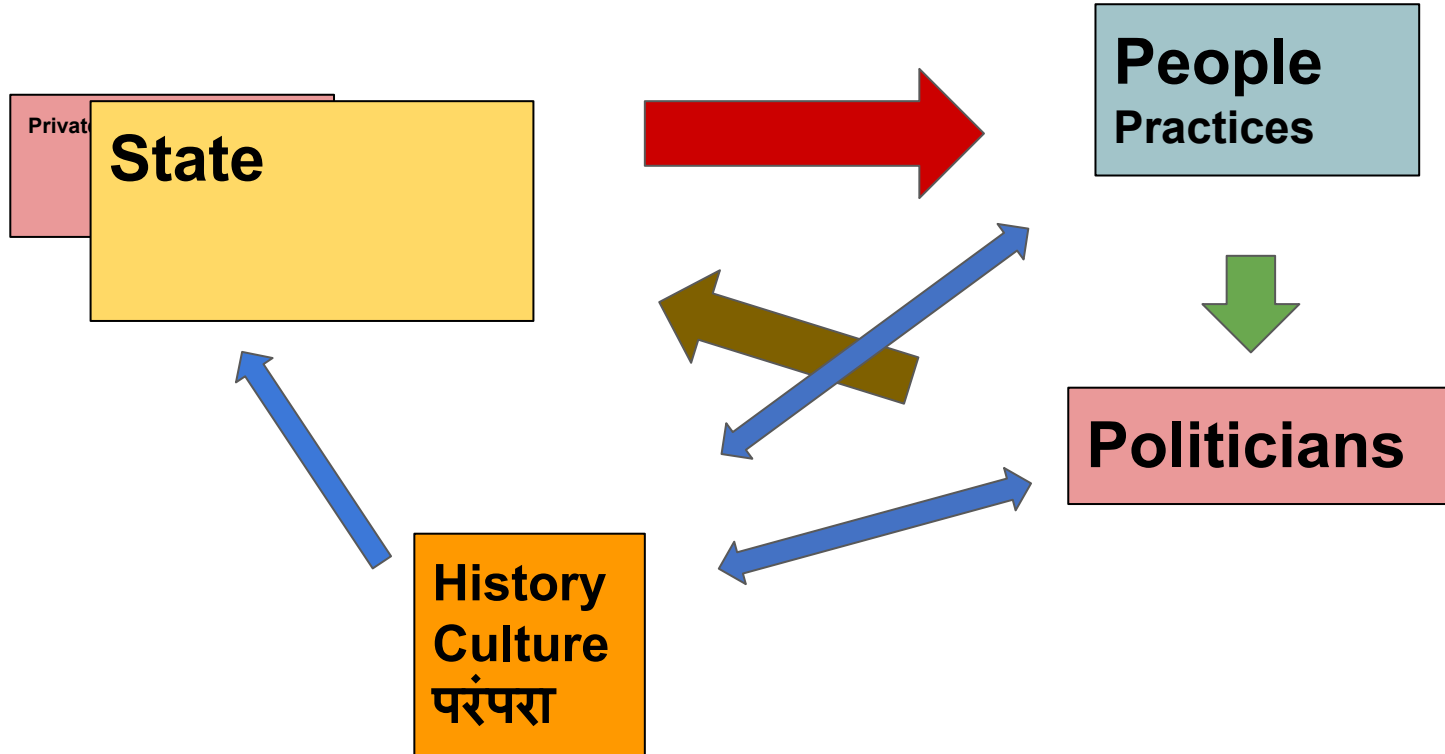

**But this is no good in analysing what to do...**

# The world before Man-ki-baat

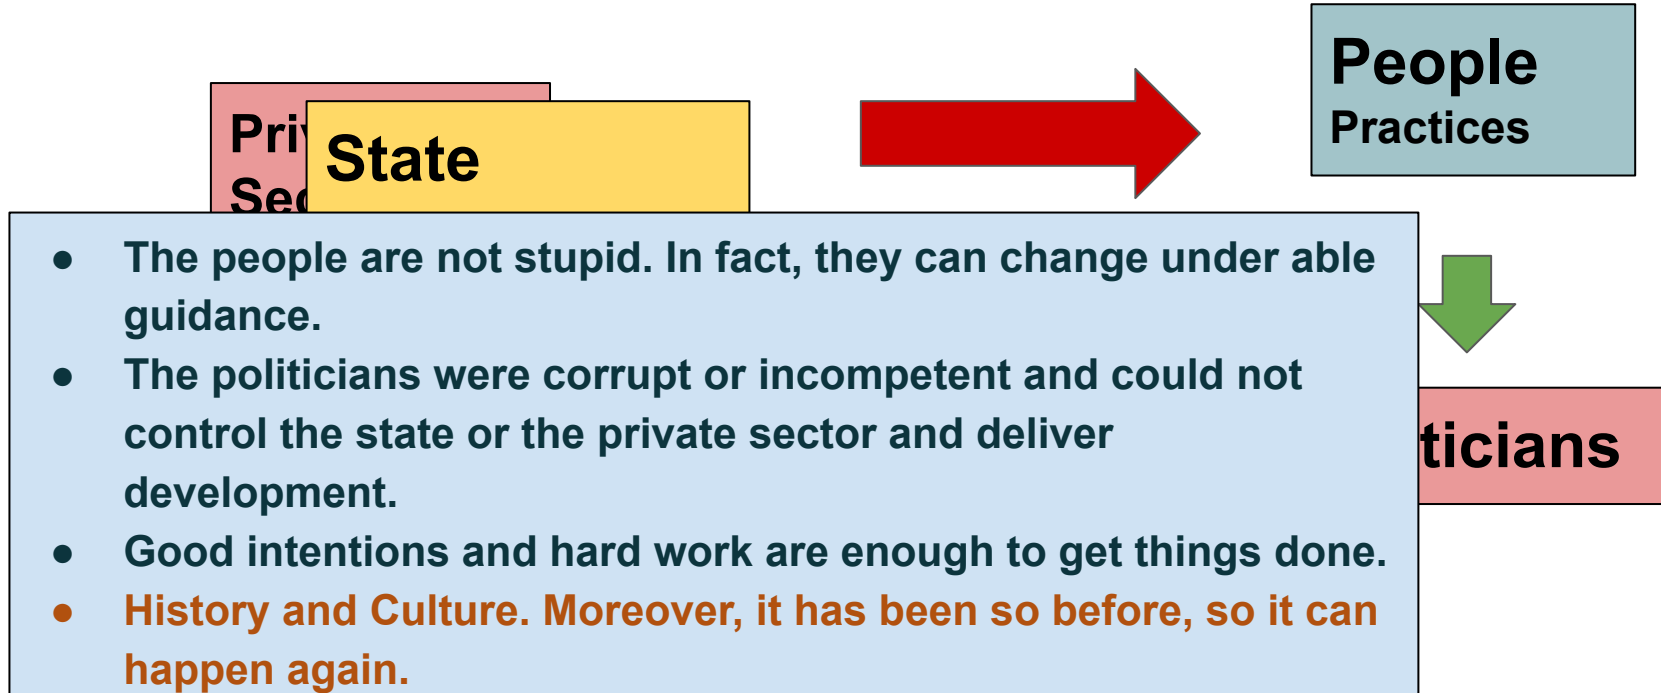

- **The people are stupid or unknowing to elect corrupt and incompetent politicians.**
- **The state is incompetent and the private sector, uncaring.**

# Man-ki-baat world of high school : जाणता राजा Leadership

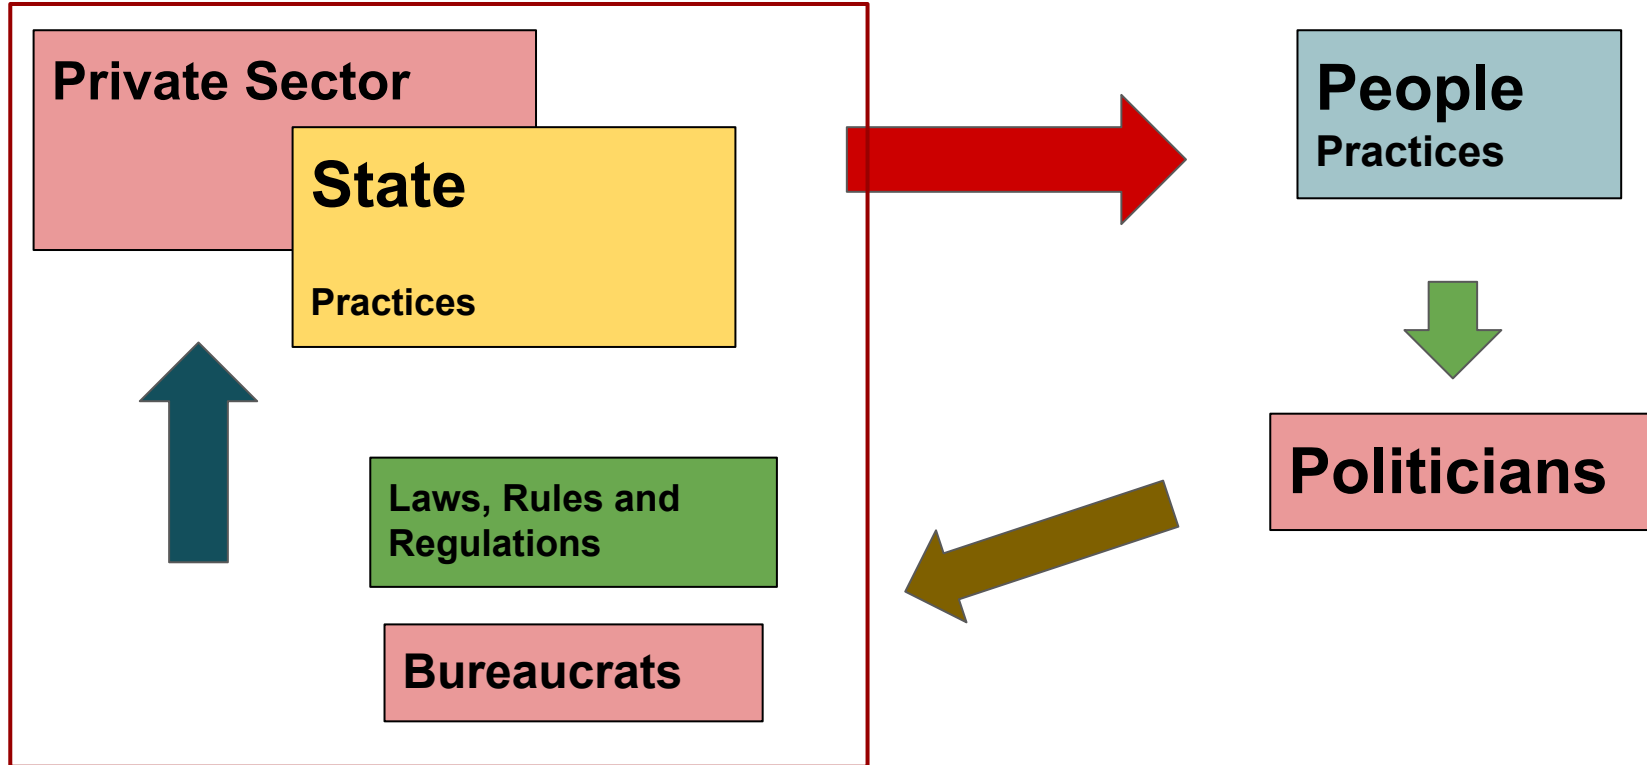

# Man-ki-baat world of high school : Wise Leadership

# Vikasvaad 1.0 - The Indian state

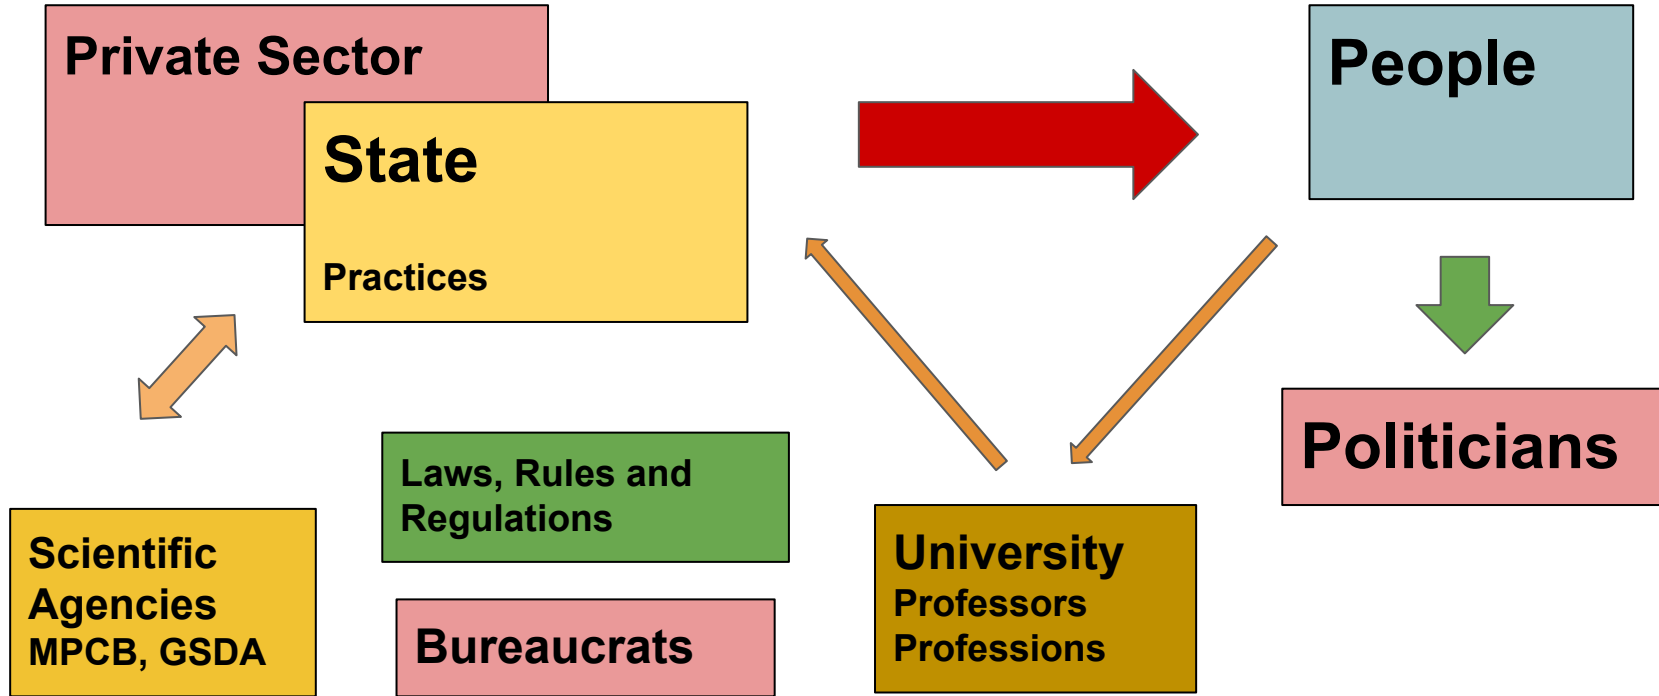

# The Indian State

## **A recognition that the state has:**

1. Some rules, laws and regulations which are to be formulated with the help of bureaucrats.
2. Each department of the state has practices which encode the way its agents function and record its outcomes.
3. Bureaucrats have to ensure that the departments and the private sector observes the rules and regulations.
4. They also have to ensure that the practices and the laws etc. are updated as the situation changes or as policy changes.

- **How are policies and practices to be designed? The super-competent IAS**
- **The salience of the Bureaucrat and the ability of the Politician to manage them. Wise leadership as a key determinant of development outcomes.**

# The Indian Knowledge State

# The Knowledge Agencies

**The University - Certification-based - synchronized with the rise of the government job - state funded, but neither Nalanda nor the land-grant state university.**

- Training manpower for standard set of professions and positions.
- Satisfying statistical requirements of gross enrollment
- **Regulating legitimate knowledge and creating a vested salaried interest called teachers to mediate with youth political thought. The graphite rods in the reactor.**
- Providing standard consultancy to state agencies

## **The State Technical Agencies**

- Cadre of state-salaried scientists.
- Provide technical, regulatory and policy support to state agencies in standard ways.

**And yet all committees headed and filled with bureaucrats.**

- DES and DPO: provide economic and financial data for state budgets
- SPVs such as MMRDA

# Broad Questions - The Indian Knowledge state will fail

How many did die in Covid 19? How many hospital beds should we prepare for? **Political and bureaucratic failure. No district level statistician. No standard processes for recording status of hospitals.**

<b>Ahmednagar, as on 8th June, 2021</b>	<b>ICU-Beds/lakh</b>	<b>Days to Death</b>
Public hospitals	15	4.9
Private Hospitals	55	9.4

**Oxygen: Grand failure. Basic Errors.**

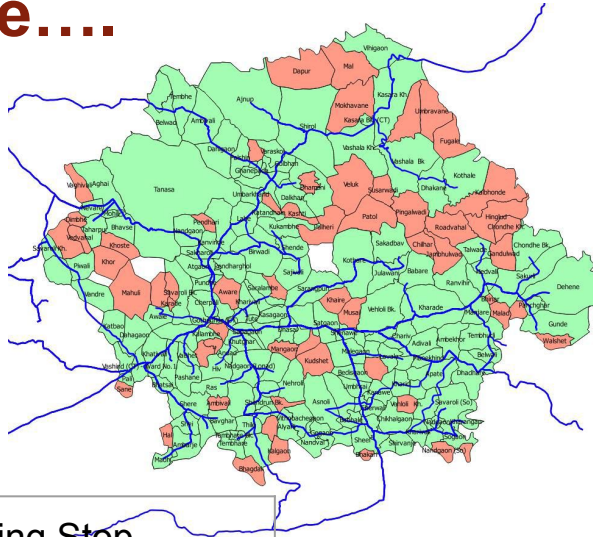

# Broad Questions - The Indian Knowledge state will fail

**Why are their pot holes on our roads? Solvable in Man-Ki-Baat world and current methods. Tendering and contracting weaknesses can be overcome by leadership. But where are the ready mixes?**

Why did Chiplun flood again? Were the reservoir gates really open? **Insufficient measurement and analysis by WRD or universities. No regular reporting with MoUD. Nothing that the divisional commissioner, the WRD secretary, the EE can do. Kolhapur - 6 month committee - a problem which would need 3-4 years of intense work and about 5-10 Masters projects.**

# Look inside....

## MSRTC Shahapur Taluka Bus Depot 2014

Staff Strength	1.05 lakhs
Number of Buses	15500
Staff per Bus	5.79

**Gol**

Laws, Rules and  
Regulations

Bureaucrats

Scientific  
Agencies  
MPCB, GSDA

Univ  
Profes  
Curric

Explicit constitutional provisions - either sole ownership or heavily loaded.

Science & Technology, gathering data and statistics, setting standards.

Most public research funding concentrated in Gol. Or through state S&T commissions - miniscule.

Most state-level departments have zero R&D funding.

Most curricula, teaching loads, promotions are regulated.

Now through competitive exams, most school curricula (indirectly) regulated too.

# How GoI planned to influence

CGWB, CPC  
ISI, RRI, ICA

IIT, IIM,  
AIIMS,

Explicit constitutional provisions - either sole ownership or heavily loaded.

Science & Technology, gathering data and statistics, setting standards.

Most GoI knowledge institutions are unaccountable - the ultimate रेवडीस

research funding concentrated through state S&T commissions

level departments have zero

a, teaching loads, promotions

competitive exams, most

school curricula too.

Scientific Agencies  
MPCB, GSDA

Bureaucrats

Curric

Each is a story by itself.

# Example : IIT

The primary objectives of IITs are as follows:

- To create an environment that encourages freedom of thought and pursuit of excellence and inculcate the necessary vision and self-discipline to achieve excellence.
- To build a solid foundation of scientific and technical knowledge and to prepare competent and motivated engineers and scientists.
- To kindle an entrepreneurial spirit among the students.
- To prepare the students to become outstanding professionals and contribute to nation building.

**An Indirection**

# University of Illinois

The p

The University of Illinois at Urbana-Champaign is charged by our state to enhance the lives of citizens in Illinois, across the nation and around the world through our leadership in learning, discovery, engagement and economic development.

- To prepare the students to become leaders in their fields and contribute to the well-being of society.

We will be the pre-eminent\* public research university with a land-grant mission and global impact.

## Clear role for the university

**Enhance the lives, citizens, Illinois, engagement, economic development, public research, land-grant mission**

**Table 1.** Placements (2013) of undergraduate and postgraduate students of major departments in IIT Bombay

Sector	Engineering	Finance	Consulting	IT
Super-GG	25 (27.7)	10 (35.0)	7 (54.0)	42 (51.3)
GG	116 (7.9)	82 (11.7)	110 (9.6)	102 (10.0)
IG	54 (6.5)	19 (7.2)	11(5.8)	28 (7.2)
GI	24 (9.3)	10 (14.2)	10 (5.2)	5 (9.3)
II	64 (6.5)	13 (9.5)	8 (5.8)	22 (7.9)

GG, Global company serving a global market (e.g. Bank of America or General Electric); II, Indian company serving Indian markets (e.g. Ambuja Cement or Tata Motors); IG and GI are similarly explained, i.e. Indian company serving global markets and global company serving Indian markets respectively (e.g. Infosys and Hindustan Unilever). Super-GG are placements to positions situated abroad. The figures, e.g. 116 (7.9), indicates the number placed and the average annual salary in lakhs of rupees.

**The students (2013) have clearly chosen not to serve the Indian customer or work for the Indian companies.**

**The promise of global citizenship.**

**Largely arbitrage in the global job market**

Not have our professors (2015)

Now - Climate Change, AI-ML and new plastics to achieve Sustainable Development Goals.

Main departments unlikely to work on development problems. Doubtful if they have the temperament or the capability.

**Table 3.** Number of papers with phrase in the title and with at least one author from India (Scopus)

Topic (phrase)	All years preceding 2003	2003–09 (TEQIP I)	2010 onwards (TEQIP II)
Neural network	692	1818	2467
Fuzzy logic	110	327	759
Wavelets	96	905	1846

**Table 4.** Number of papers with phrase in the title and with at least one author from India (Scopus)

Topic (phrase)	All years preceding 2003	2003–09 (TEQIP I)	2010 onwards (TEQIP II)
Water supply	84	74	87
Sanitation	30	51	63
Groundwater models	11	29	70
Public transport	5	15	25
Power grid	12	56	288

The policy route - of advising the producer through evidence - should be deemed as failed...

What is to be done?

What is to be done?

**Simplify...Localize**

**Go to Tier-II state colleges and  
their teachers as alternate  
producers of knowledge**

# What is to be done?

## **MSRTC**

Bus despatch times were not logged.

Occupancy was not tracked.

College and school timings, weekly markets etc. were not used.

Follow up with PWD on road condition was not done.

IT-based tracking was not done.

## **Rural Water Supply**

Groundwater sources were not tested.

Energy costs were huge. Appropriate community analysis was not done.

Key *wadis* were missed in design.

Many of the assets were of poor quality. But they were never checked.

## What is to be done?

### MSRT

Bus de  
logged.

Occupat

College  
markets

Follow  
conditio

IT-base

- The analysis and the corrective actions were simple enough.
- Moreover, they could be codified as standard “consultancy reports” .
- These could be executed by suitably trained, but ordinary college students as B.Tech projects with the support of faculty members or staff.
- There are many locations - bus depots, agri. electricity, anganwadis, PHCs, PWS, GPs and towns.
  - **These could enhance the reputation of the institution and the skill-set of the student.**
  - **This could benefit the enterprise.**

# Unnat Maharashtra Abhiyan : Program Objectives and Description

## Connecting HTE with the development sector

### Preamble :

- Reform teaching, curricula and research in HTE to align with development objectives
- Train future professionals for development Objectives
- Enable institutes to work with regional agencies to help them and become resource and knowledge center - Through Key GRs
- Provision of Data, Analysis and Funding
- Provide mechanism for citizens to approach institutions

GR (13<sup>th</sup> January, 2016)

संशोधन व अन्य शैक्षणिक व संशोधन  
संस्थानातील विद्यार्थ्यांना राज्यव्या  
विकासाला सहकारी करून देण्याची योजना...

महाराष्ट्र शासन  
उच्च व तंत्र शिक्षण विभाग  
शासन निर्णय क्रमांक : वेडक- ३६११/१६/१७/सांवि २  
महाराष्ट्र विद्यापीठ संघ, मुंबई ४०० ०३२,  
दिनांक : १३ जानेवारी, २०१६.

संदर्भ :- शासन निर्णय क्रमांक : वेडक- ३६११/१६/१७/सांवि २, दिनांक २८/१२/२०१५

#### प्रस्तावना :-

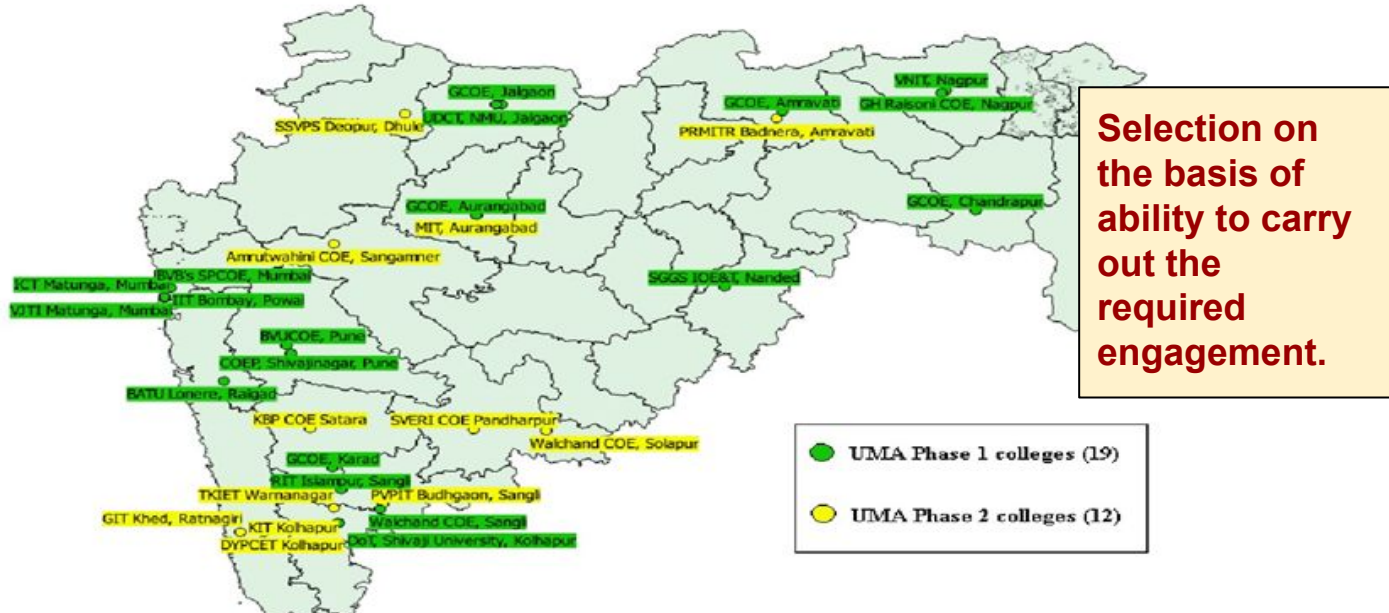

राज्यातील विविध सामाजिक व विकासवादी संघीय प्रकृती संशोधनद्वारे उकल करून  
त्यावर अनेक उपाययोजना राबवणे आवश्यक आहे. त्या दृष्टीने विविध शासकीय संस्था व शैक्षणिक  
संस्था यांच्या दरम्यान विरोधात; सामाजिक व आर्थिक स्वरूपाच्या महत्त्वाच्या मंदीर  
समस्यासंबंधीतील संशोधन केंद्रात कार्यवाहीत अति विविध प्रकारच्या विद्यापिठात  
संशोधन हे अधिकाधिक राज्यातील विविध सामाजिक व विकासवादी विभागात देवदिव  
जीवनातील समस्यांची (उदा. ग्रामीण संशोधन केंद्र, स्त्रिया, शेतकरी, शासकीय व्यवस्थापन, पेवजल,  
दरते विकास, रस्त्याचे सुधारणे करून मजदुरीकरण, जनसंख्या, हून व उर्जा, आरोग्य, दुष्काळ  
आदी) उकल करून ते लोकप्रिय करणे गरजेचे आहे. या संस्थांमधील संशोधन तसेच कुठाल  
मनुष्यक बंधन सामाजिक क्षेत्रातील विकासाला समर्थन देऊन तंत्रज्ञानाच्या वापराने संशोधन  
राबवणे गरजेचे आहे. सांख्यिकी अनेक शासकीय, विद्याशासकीय व शासकीय संस्था व अनेक  
संबंधी संस्था विविध विकास क्षेत्रात ग्रामीण व शहरी भागातील समस्यांवर काम करीत आहेत.  
तथापी, सांख्यिकी जवळील जवळ शैक्षणिक संस्थांचा असा प्रकल्प सहज वाढवणे व एक  
संस्थात्मक संस्था निर्माण करणे गरजेचे आहे.

२. देशातील ग्रामीण क्षेत्रातील विकास कामांमध्ये आय.आय.टी, सारख्या प्रगत शैक्षणिक  
संस्थांचा सहभाग वाढवून परिश्रम घडविण्यासाठी वेड शासनमार्फत उक्त भास अभियान  
देशातील विद्यार्थ्यां, प्रगत शैक्षणिक संस्थांमार्फत कार्यवाहीत घेत आहे. याच पार्श्वी महाराष्ट्र राज्यात  
देशील अधिकाधिक महाविद्यालये, संशोधन केंद्रे आणि अन्य उच्च शिक्षण संस्थांमध्ये सुरु असलेले  
संशोधन हे अधिकाधिक राज्यातील विविध सामाजिक व विकासवादी विभागात देवदिव  
जीवनातील समस्यांची (उदा. ग्रामीण संशोधन केंद्र, स्त्रिया, शेतकरी, शासकीय व्यवस्थापन, पेवजल,  
दरते विकास, रस्त्याचे सुधारणे करून मजदुरीकरण, जनसंख्या, हून व उर्जा, आरोग्य, दुष्काळ  
आदी) उकल करून ते लोकप्रिय करणे गरजेचे आहे. या संस्थांमधील संशोधन तसेच कुठाल  
मनुष्यक बंधन सामाजिक क्षेत्रातील विकासाला समर्थन देऊन तंत्रज्ञानाच्या वापराने संशोधन  
राबवणे गरजेचे आहे. सांख्यिकी अनेक शासकीय, विद्याशासकीय व शासकीय संस्था व अनेक  
संबंधी संस्था विविध विकास क्षेत्रात ग्रामीण व शहरी भागातील समस्यांवर काम करीत आहेत.  
तथापी, सांख्यिकी जवळील जवळ शैक्षणिक संस्थांचा असा प्रकल्प सहज वाढवणे व एक  
संस्थात्मक संस्था निर्माण करणे गरजेचे आहे.

३. उपरोक्त सर्व बाबींचा विचार करून विविध विभागांतर्गत घातविण्या जाणा-या उपक्रमांमध्ये  
ठोस कार्यक्रम सुचविण्याकरिता मा. मुळांमधी घांभी दिलेल्या दिशेनुसार संशोधन शासन  
निर्णयाने कांय मद्रापी स्वरूप करण्यात आली होती. सदरच्या कार्यवाहीत घांभी प्रमुख उपदि  
सहाय कार्यवाहीत घांभी करून घेतली जाईल.

४. सांख्यिकी संशोधन केंद्रात उच्च शिक्षण संस्थांमध्ये, त्यांच्या परिश्रमातील  
विकास कामांच्या आदर्शा / स्वरूप / दर्जा/गुण / प्रकृतीत घांभी घांभी उच्च तंत्रज्ञानाचा सुयोग्य  
वापर करून प्रकृती उच्च योजना सुचवणे व असा प्रकृती संशोधनवादी संशोधन सुरु करून ती  
जोडवणे व घांभी एक सहाय संस्था शैक्षणिक संस्थांमध्ये निर्माण करणे.

# UMA Institutes

Total Participating Institutes : **75**

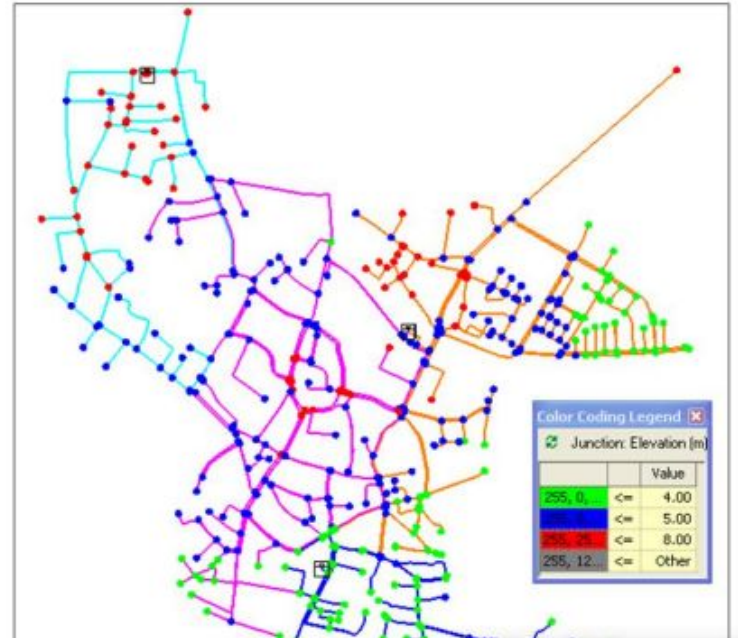

- Technical Institutes : 35
- Govt. Polytechnic : 40

Next 2 Years : 3-4 Science/Arts college in each district

# Strategy

1. Build Case studies in chosen sectors and show benefits.
2. Canvas for instrument / GR from department
3. Offer workshop for UMA colleges.
4. Bring funding and make a course and even a Textbook!
5. Build pressure on Universities to adopt in curricula.

**Mainstream liaison with department.  
Do great research. Comprehend how  
the state works!**

# Workshops for Colleges

**Considerable  
GoM Buy-In  
But harder Academia  
Buy-In**

# Sample Projects Funded by HTE GoM 2022-23

Standard line item in budget now!

S.N	Topic / Theme	Duration
1	Helping MSME by linking them with Engg. Colleges (Pilot with two colleges)	6 man-months
2	Mumbai University faculty and college training on Case study methodology in Curriculum	10 man-months
3	Thematic workshop on MSEDCL Agri. Feeders	10 man-months
4	Thematic Workshop on Third Party Audit for Water Resources Department Projects.	10 man-months
5	"Unnat Maharashtra Abhiyan" orientation workshop for Government Polytechnics	2 man-months
6	Study of outcomes of Engg. Education in 3 institutions.	10 man-months
7	Preparation of Census and related GIS sets for MH	10 man-months

# Hurdles and Limitations

1. Little participation of the top 5-6 (state) colleges. The same incentive mismatch as in the IITs.
  - 70% students in MNC arbitrage, 30% in core sector
  - **Faculty disinterest** - secure salary, easier to work on Fuzzy Logic and gain promotion points
  - Institutional funk
2. Better participation from regional private institutions - about 10 success stories. Even here student, faculty distraction, institutional weakness, inability to sustain engagement with district authorities.
3. No real support from district administration or liaison by regional HTE officers
4. **Aspirational dysfunction** - prefer to spend 2-3 years dreaming about 40K IT job than take up 20K job or work on development sector and earn 40K. **Classic rent-seeking.**
5. **Extremely counter-productive Gol messaging - sunrise sectors of biotechnology, robotics, mechatronics, IoT, block-chain, AI-ML - NOT ONE HONEST STUDY IN FIVE DECADES**
6. Not-transferable. Works in Maharashtra where the Weberian state still exists.

# Hurdles and Limitations

**On the Whole:**

**Success 35%.**

**Exhausting - Needs a second Bottom-Up Front**

**Main Output: Entry into GoM, Precedence, Blue Prints,  
Tool Kits**

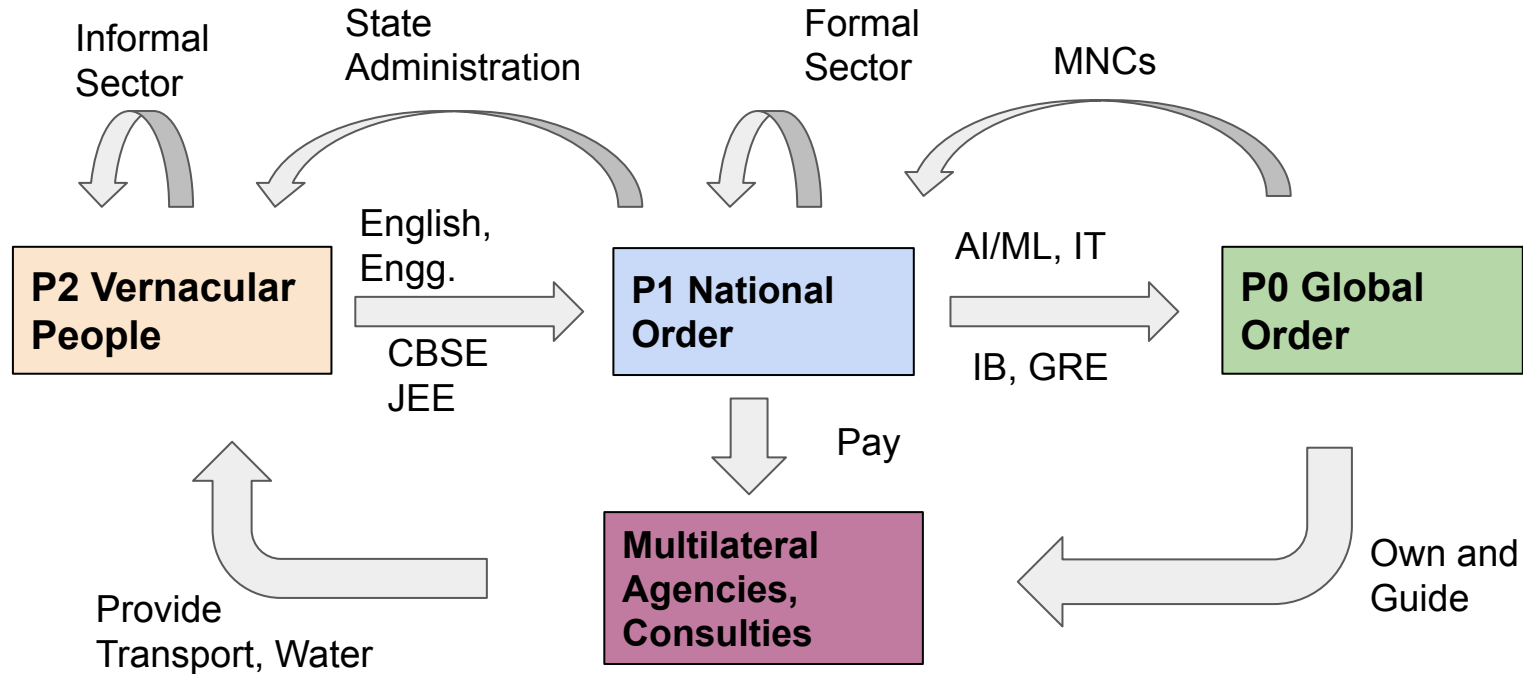

**Partial recognition that development sector is not  
“social work” but professional work**

**Need to get closer to college students**

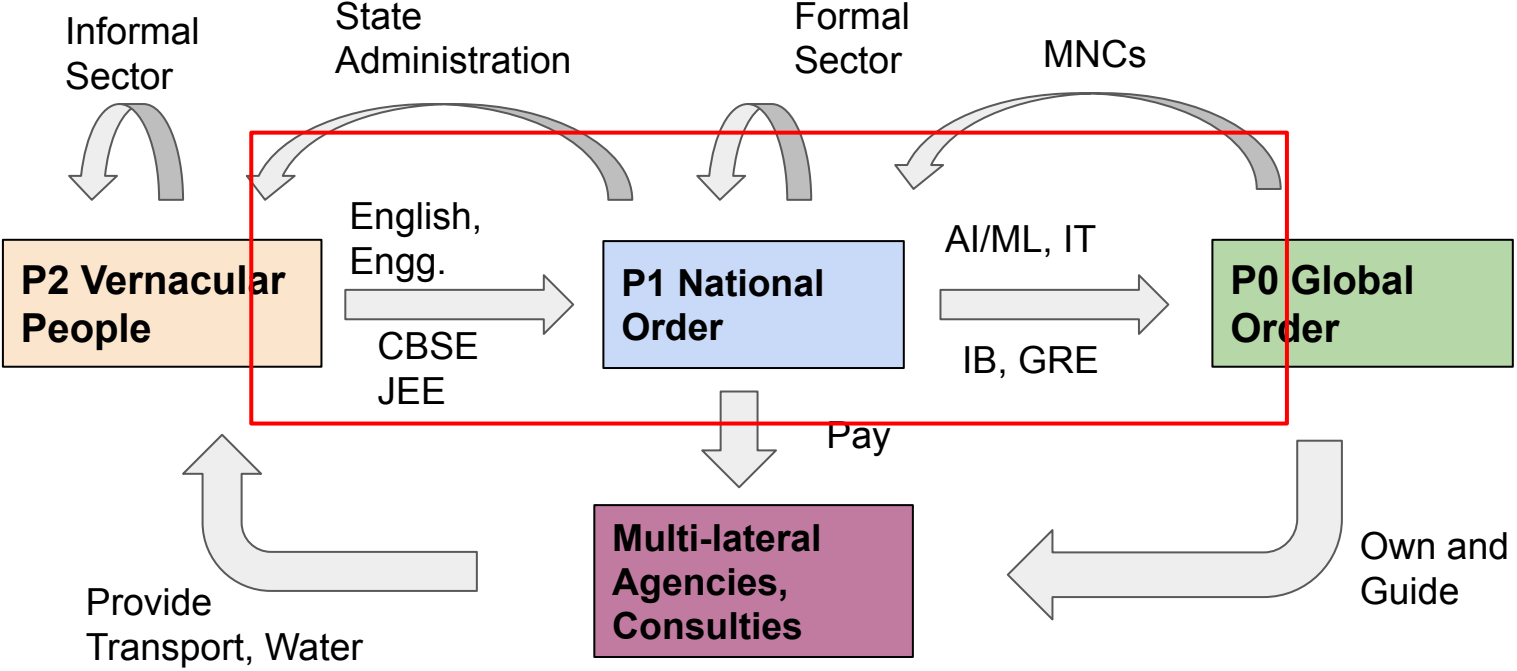

1. Little  
- 70%  
- Facu  
- Insti
2. Bett  
stud  
auth
3. No r
4. **Asp**  
take
5. **Extr**  
**robo**  
**DEC**
6. Not-

s.  
s  
rict

# Structure of Indian Society - again

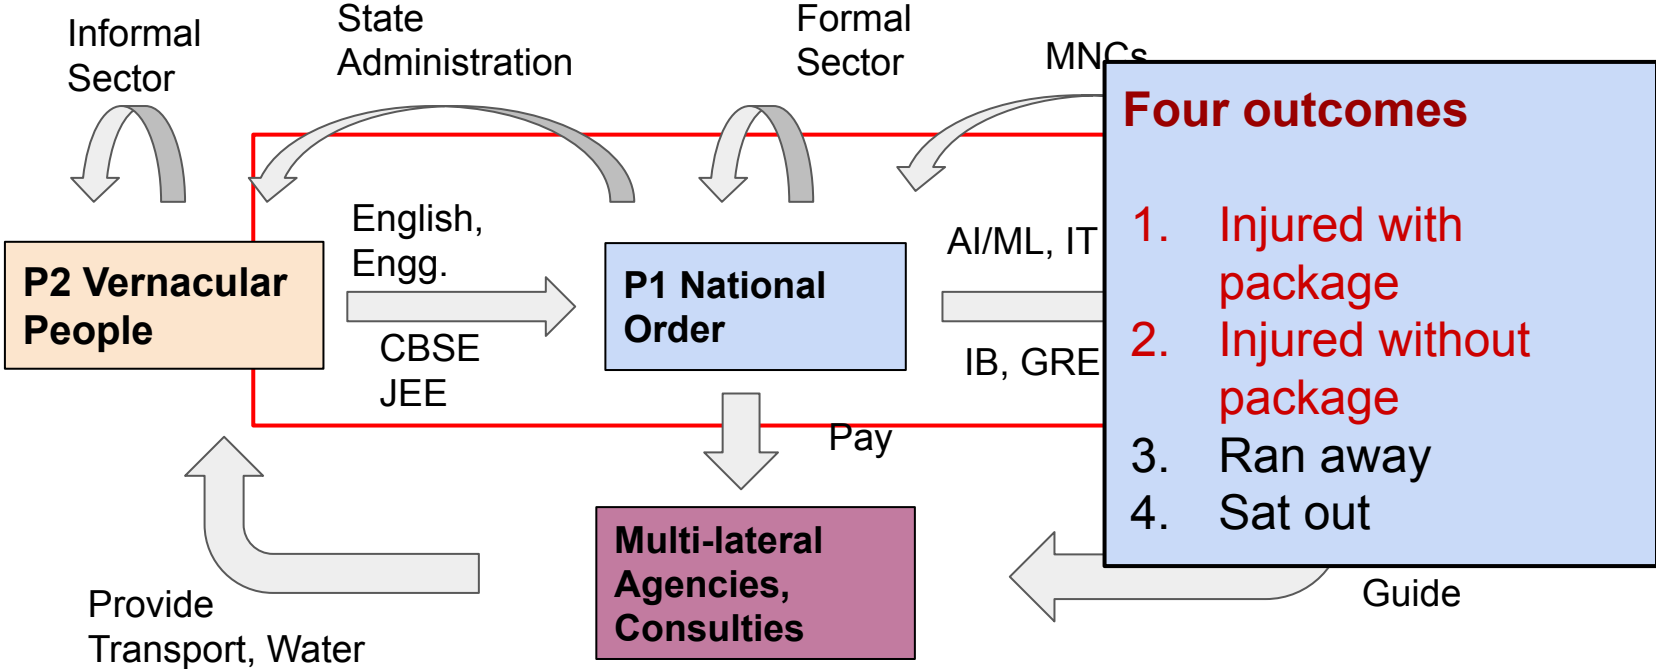

# Education in India

The education system of upward-compatibility. Aspirational dysfunction: Basic function to dissipate youth energy?

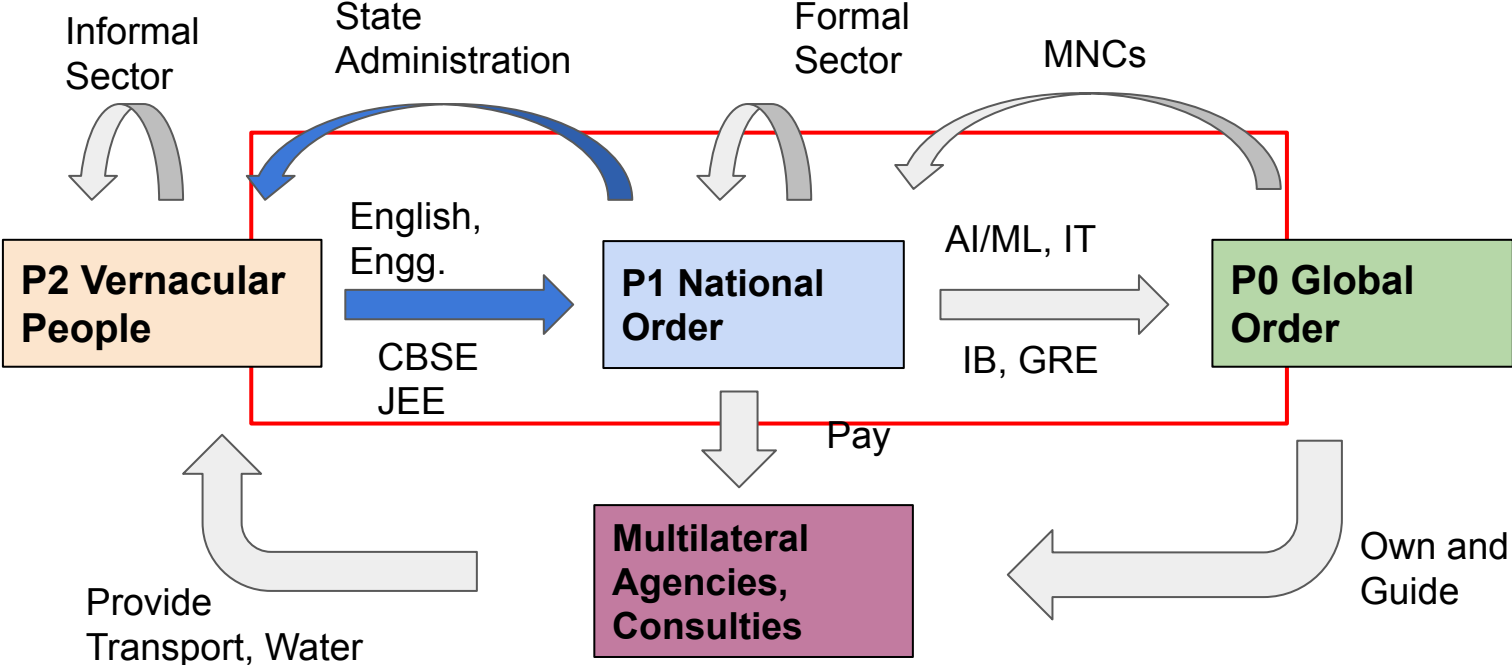

# Education in India

Create losers who accept they have lost! ...Gramsci and hegemony...

# UMA Attempted ....

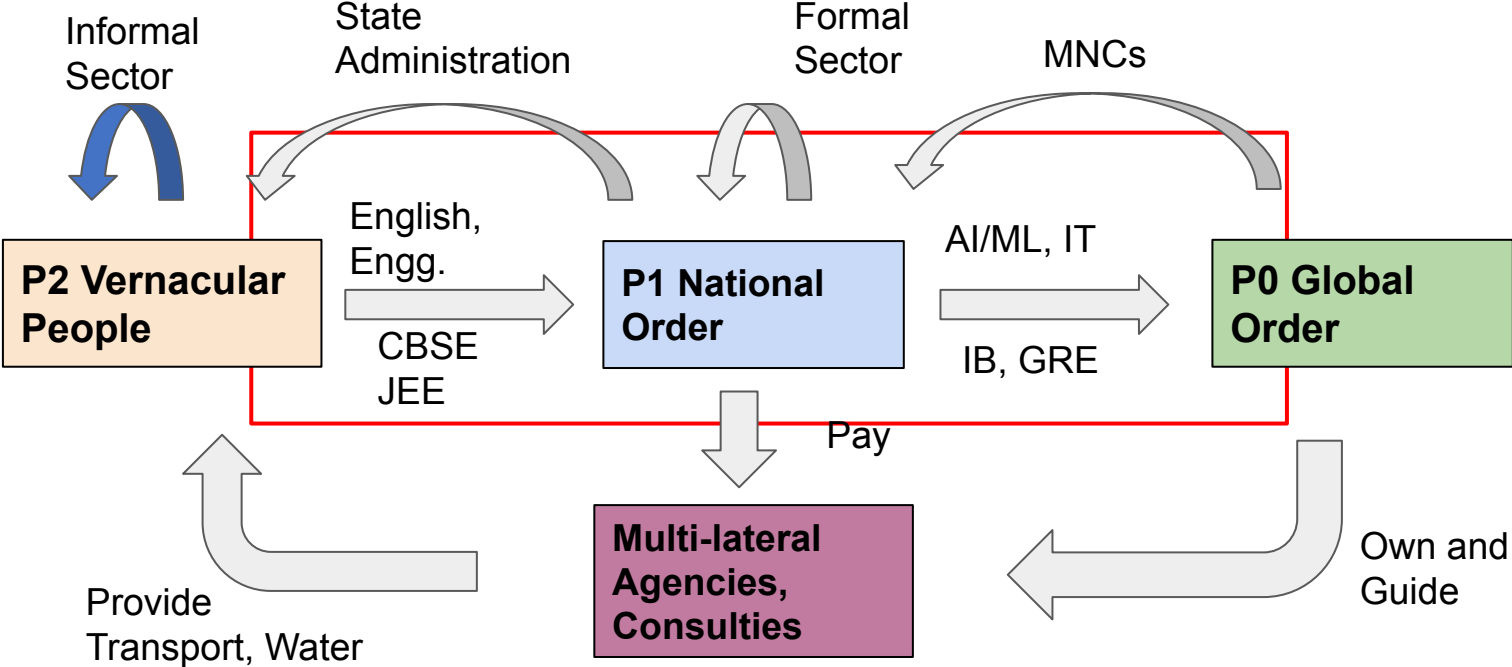

UMA 1: Telling P2 who hope to migrate to P1 to learn how the state administration serves P2. **That did not catch the imagination of the students.**

What is to be done?

**Simplify...Localize**  
**Talk to P2 colleges,**  
**communities and students.**

# Education in India

**UMA 2: P2 to P2. Pick simpler tasks. Move to taluka-level degree college students.**

# आपले प्रश्न - आपले विज्ञान

## आय.आय.टी. मुंबई व महाराष्ट्र शासनाचा नवीन उपक्रम

### उद्दिष्ट

- गाव/शहर/छोटे उद्योग यांच्या प्रश्नांचा अभ्यास व त्यांचे अहवाल
- आपले गाव आणि आपले प्रश्न या बद्दल लागणारी गावकी आणि माहिती ची निर्मिती

**युवा पिढीचा समाजाबद्दलचा अनुभव वाढवणे आणि कौशल्य निर्माण**

### करणे

#### कार्यपद्धती - केस स्टडी - प्रादेशिक अभ्यास

- लोकांना पडणारे प्रश्न - उद्योजक, लोकप्रतिनिधी, गाव, वाडी, स्वतःचे कुटुंब
- काही प्रश्नांची निवड व अभ्यासाचे स्वरूप व पद्धत ठरवणे
- अभ्यास - field work and interdisciplinary skills
- अहवाल तयार करणे - अहवालाचे मूल्यमापन व प्रकाशन व संबंधित पाठपुरावा

**मुख्य बाब: मुंबई विद्यापीठाच्या नवीन अभ्यासक्रमात बसणारे**

## Talking directly with rural college students about:

- Employment and number of graduates data
- ...and what awaits them in the city
- Skills they should or do expect as a graduate
- How to get those skills
- Immediate vicinity as source of engagement

# राजापूर तालुक्याचे होणार सखोल संशोधन

## उन्नत महाराष्ट्र अभियानात निवड; माहिती जमवणार

गावपातळीवारीतून दैनंदिन जीवनावर परिणाम करणाऱ्या समस्यांसह विविध सामाजिक व विकासाशी संबंधित प्रश्नांची संशोधनाद्वारे उकल करून त्यावर अचूक उपाययोजना शोधण्याच्या उद्देशाने राज्य शासनातर्फे 'उन्नत महाराष्ट्र अभियान' राबवण्यात येत आहे. या अभियानासाठी रत्नागिरी जिल्ह्यातून राजापूर तालुक्याची निवड झाल्याची माहिती पंचायत समितीचे गटविकास अधिकारी सुहास पंडित यांनी दिली. या अभियानांतर्गत तालुक्यातील गावगावांतील स्थानिक स्वराज्य संस्थांसह लोकांशी थेट संवाद साधून संशोधन केले जाणार आहे. याद्वारे तयार करण्यात येणारा अभ्यास त्या गावासह राजापूर तालुक्याच्या सर्वांगीण विकासासाठी दिशादर्शक ठरणार आहे.

- राजेंद्र बाईत, राजापूर

राजापूर: उन्नत महाराष्ट्र अभियानाच्या कार्यशाळेमध्ये सरपंच, ग्रामसेवकांशी संवाद साधताना गटविकास अधिकारी सुहास पंडित.

“उन्नत महाराष्ट्र अभियान” अंतर्गत रायगडच्या आणि सिलगा आरआयटी मंडळ यांच्यामार्फत महाविद्यालयीन विद्यार्थ्यांद्वारे केस स्टडी म्हणूनचे अभ्यास केला जाणार आहे. 'आपले प्रश्न, आपले विज्ञान' या उपक्रमंतर्गत हा अभ्यास केला जाणार आहे. या अभियानाची दिशा देण्यासाठी मुख्य कार्यकारी अधिकारी इंदुप्रीती जाधव यांच्या मार्गदर्शनाखाली प्रत्येकीने अंभोलजावणी, गावगावांतमध्ये सर्वेक्षण अन् आढोपिचन केले जाणार आहे. त्यासाठी स्वकीय प्रकल्प समन्वयक हरिंद तुळजुळे यांचे सरकारी अन् मार्गदर्शन लाभणार आहे. - सुहास पंडित, गटविकास अधिकारी

सोडवण्यावर त्या बरे गावचा सर्वांगीण विकास करण्यासाठी प्रांतीय तालुक्याच्या गवळिकाळासाठी लोकांशीथीरवद शासनासाठी उभयव्य उठणार आहे. या अभियानातूनचे शेत, पानी, बाळूक, शिक्षण, आरोग्य, दुरुवडा, गावातील लघुउद्योग, पारिचय, सार्वजनिक व्यवस्था, पायाभूत सुविधा, रोजगार या मुद्द्यांच्या अनुषंगाने महाविद्यालयीन विद्यार्थ्यांकडून सर्वेक्षण करून प्रकल्प अडवून तयार केले जाणार आहेत. यामध्ये संशोधन प्रामाण्यवृत्ती सर्वेक्षणासाठी जास्तीत जास्त प्राधान्य दिले जावे, असे आदेश आहे. अनेककरून, सर्व विद्यार्थ्यांनी

उकल होण्यास आणि त्याद्वारे ती समस्या सोडवून गावविकास साधण्यास तयार होईल. **प्राथम्यकांची झाली कार्यशाळा** केस स्टडीसह संशोधनातूनचे सर्वगावे होण्याच्या उद्देशाने विविध महाविद्यालयीन प्राध्यापकांनी रत्नागिरी येथे गत महिन्यातूनचे कार्यशाळा झाली. यामध्ये कुडक वेईल एस्.आर.एम. महाविद्यालय, देवगड येथील एस्.एन. केळकर महाविद्यालय, रत्नागिरी येथील गोपट-जोडकर महाविद्यालय, देवकड येथील आठवणे-सोरे येथे महाविद्यालय, महाद कॉलेज, पान र व २

### अशी असणार विषयनिहाय प्रश्नावली

१) श्रेती :

- गावातील शेतकऱ्यांना श्रेती आर्थिकदृष्ट्या परवडत नाही
- बाजारतुन घेतलेली विषयाणे निकट दर्जाची असतात.
- जमिनीचा कस होतो आहे.
- श्रेतीला बन्नाप्रमाण्या उपाय वाढला आहे.

२) पाणी :

- विण्याच्या पाण्याचा प्रश्न आहे.
- गुरांसाठी पाण्याची सोय नाही.
- पाण्याचे स्त्रोत प्रदूषित आहेत.
- गावातील नदी, नाले, ओढे, गाळाचे भरलेले आहेत.
- पावसाळ्यात गावात मोठा पूर येतो.

३) वाहतूक :

- गावात एसटी सेवा फुरीशी आणि सुळीत नाही.
- गावात तातडीच्या कामासाठी शिक्षा - खासगी वाहतूक पटकन उपलब्ध होत नाही.
- गावात चांगले गुळगुळीत रस्ते नाहीत.
- गावात वाहन दुरुनीसाठी गेल्या नाही.
- गावात जवळपास पेट्रोलपंप नाही.

४) शिक्षण :

- विद्यार्थ्यांसकडेअपाची गावातील शाळा बंद पडत आहेत.
- व्हावीनंतर मुलांना शिक्षणासाठी यारोगाची जाय लागते.
- गावातील शाळांमध्ये पुरेशा पायाभूत सुविधा नाहीत.
- शाळेसाठी लॉब चालत जावे लागते वा प्रवास करावा लागतो.

५) आरोग्य :

- गावात प्रथमोपचाराची सोय उपलब्ध नाही.
- गावात जवळपास ओंघचे सिडन नाहीत.
- गावात चांगले डॉक्टर उपलब्ध नाहीत.
- गावातील लोकांमध्ये विरिष्ट आजारचे प्रमाण वाढत आहे.

६) गावातील लघुउद्योग :

- शिदाची चककी
- गणेशमूर्ती बनवणे
- पर्यायान - दुग्धव्यवसाय
- किराणा मालाचे - अन्य बस्तूंचे दुकान
- नेत्रधारा
- मासेमाली - खेळूडे पालन - कोळीची प्रकल्प
- बांबूच्या बस्तू - लाकडी फर्निचर बनवणे

७) स्वच्छता :

- गावात कचरा दिवसेंदिवस वाढतो आहे.
- एकात्मिक संकलन - पुरवठिकाणाची सोय नाही.
- गावात पुरेगा वीरुवाळे उपलब्ध नाहीत.
- गावात डसांचे प्रमाण वाढले आहे.

८) रोजगार :

- गावात सुशिक्षित बेरोजगार मोठ्या प्रमाणात आहे.
- गावात छोटा उद्योगांसाठी कायला मागणे नाहीत.
- गावातील महिला बचवट्यांची अस्तव्था.
- तरुणांना रोजगारासाठी शहरात जावे लागते.

९) सार्वजनिक व्यवस्था :

- पायाभूत सुविधा.
- गावातील लोकांना वेळेवेळ हक्काचे शरण मिळत नाही.
- प्र.पं.च्या उपयोजनाखाली खर्च जास्त होतो.
- गावात बीरगुड्या सुळीत नाही.
- गावात बीरगुड्या फोनला रूत येत नाही.
- बँकेच्या व्यवहारासाठी लोकांना रूत जावे लागते.
- गावातील धार्मिकस्थळांच्या विकासासाठी निधी उपलब्ध नाही.
- गावातील स्मशानपुर्गीची अस्तव्था चांगली नाही.

१०) पर्यावरण :

- गावातील जंगल कमी होत आहे
- बारी, रानडुकर, विटडा आदीचा वाढला अडवत.
- गावातील जैवविविधतेची नोंद होणे आवश्यक.
- गावातील पारंपरिक श्रेणीयुद्धतीचा अभ्यास आवश्यक.
- हवामान बदलाचा श्रेती बागायतीवर परिणाम.
- श्रिनासाठी दुसऱ्या लष्कडुडका आणावा लागतो.

Link villages with their college via the student and assisted by the BDO.

# Focault - But is this Science?

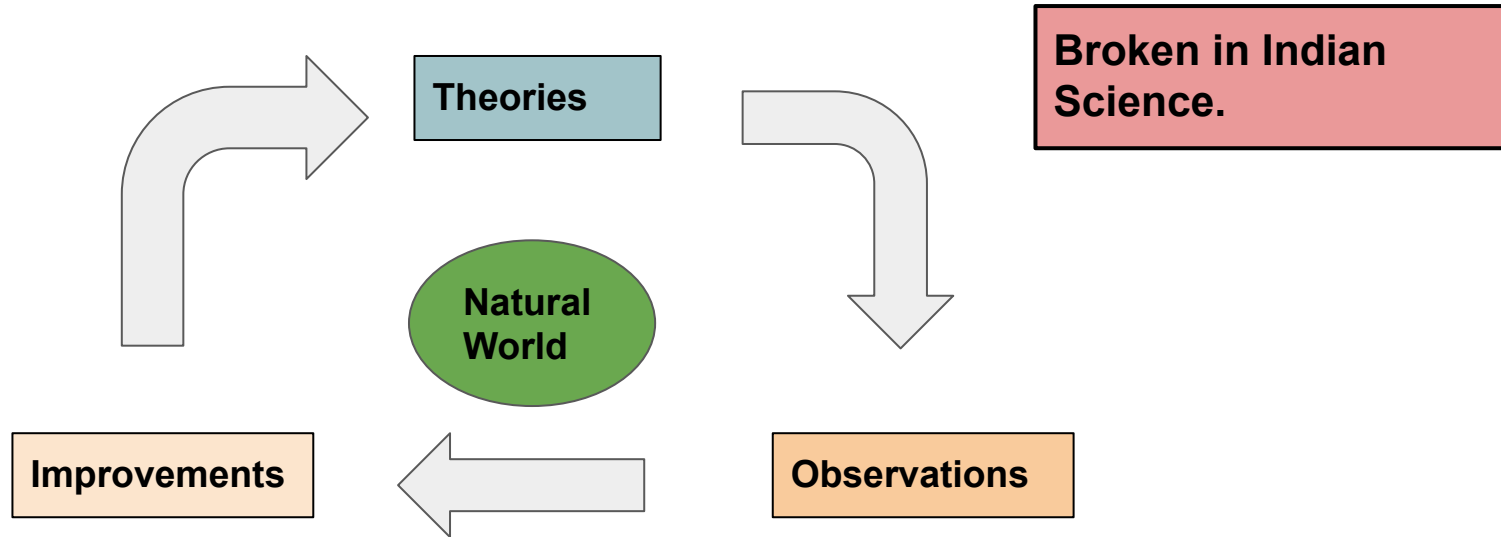

The loop of Science - Falsifiable and Replicable - is the construction of theories which match observations. Cultural skills of postulation and argumentation. And aesthetics - what is an improvement?

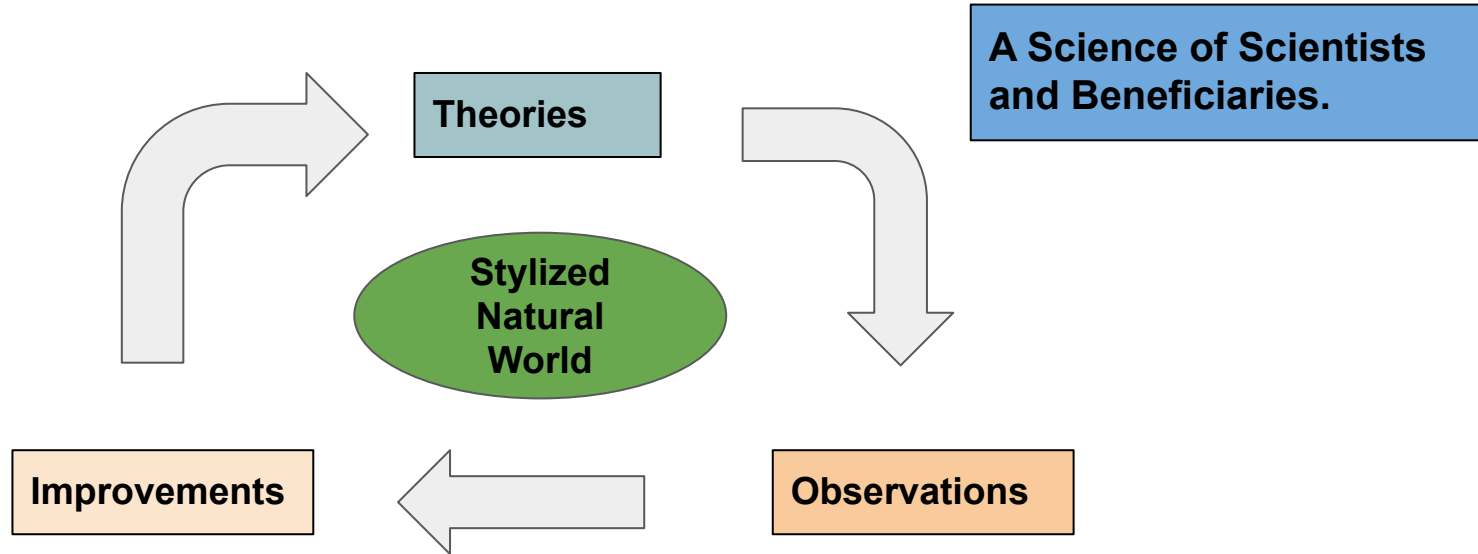

## Focault - But is this Science?

The loop of Science - Falsifiable and Replicable - is the construction of theories which match observations. Cultural skills of postulation and argumentation. And aesthetics - what is an improvement?

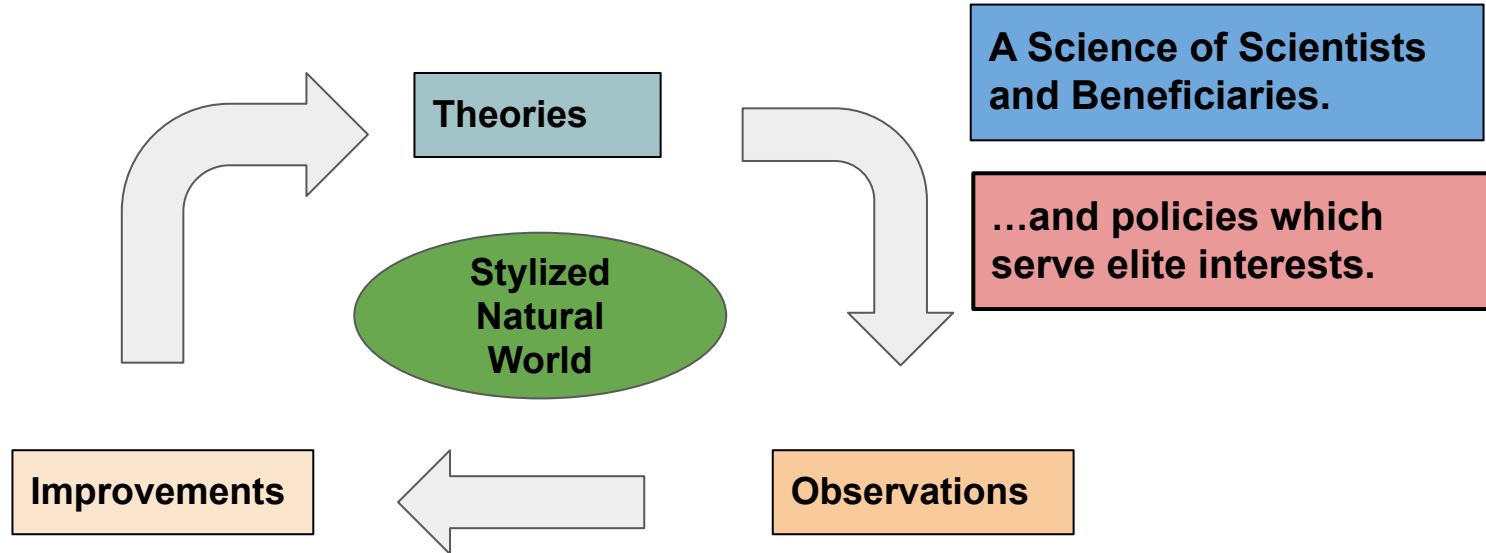

## But does mainstream Science any longer have the expected attributes?

**We seem to be trapped in a Stylized Science which is ineffective, which is neither replicable nor falsifiable. A world of cutting-edge science - of quantum computing, and carbon sequestration - delivered by world class universities and companies.**

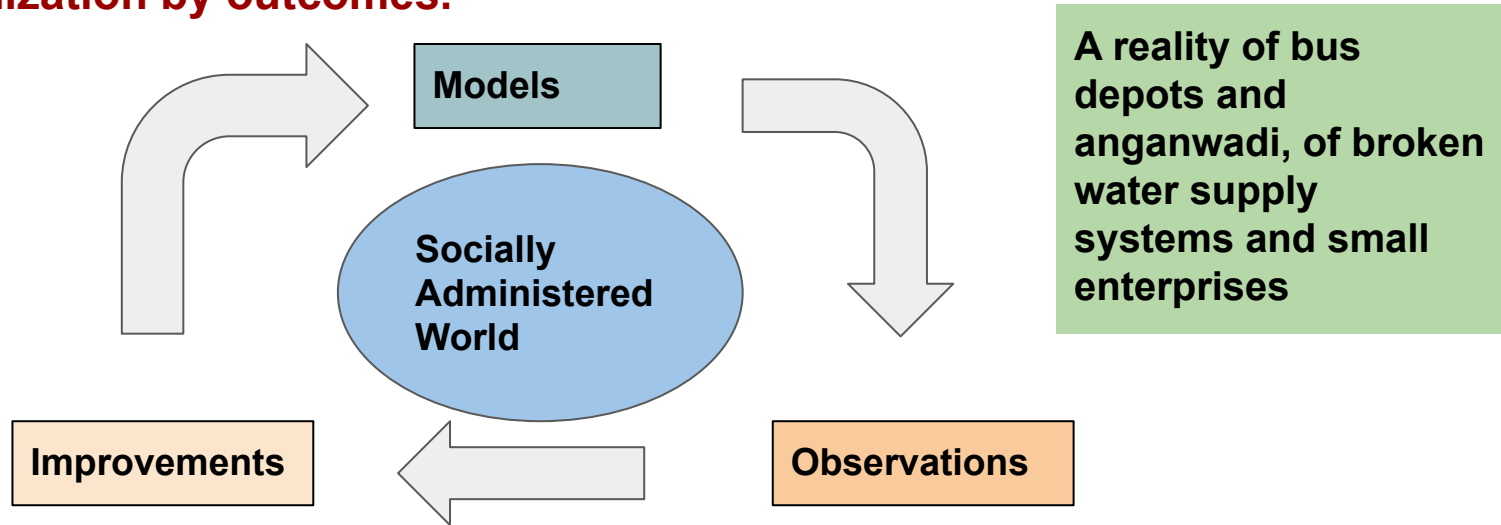

## But does mainstream Science any longer have the expected attributes?

**We seem to be trapped in a Stylized Science which is ineffective, which is neither replicable nor falsifiable. A world of cutting-edge science - of quantum computing, and carbon sequestration - delivered by world class universities and companies.**

# The delivery problem in development needs a more effective and participatory Science

**Emergence of “Vernacular” Science of the people, of ordinary citizens - of painstaking measurements and analysis of their own plights - their own means of legitimization by outcomes.**

# Final Message

- **Massive decentralization of Science and the University to the taluka level.**
- **To move to a knowledge system which is accountable to the people, which supports the Right to Analysis, and which is replicable and participatory.**
- **And we need a matching Bureaucracy!**

**Politicians can do little to deliver development - They can do a lot more by holding our Scientists, Bureaucrats and Professors accountable.**

**Time of great essence : Unemployment in youth is raging at 25%-40%.**

# विज्ञान - म्हणजे

# विज्ञान - म्हणजेच - व्यवहार ज्ञान

वास्तवाची प्रामाणिक नोंद आणि  
विश्लेषण हेच खरे विज्ञान

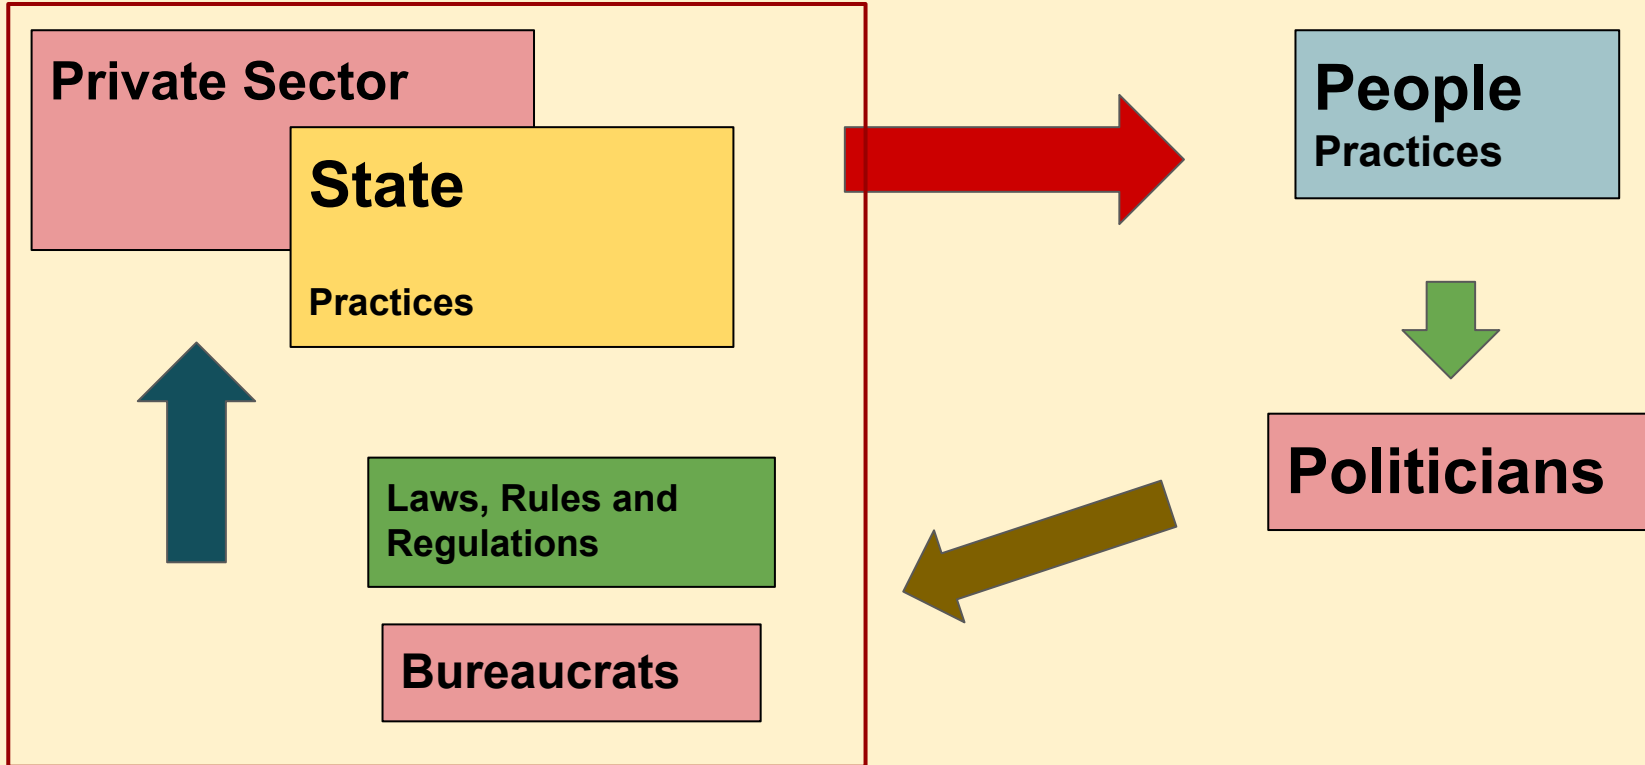

Thank you.

The Historical and Sociological Excursions? 8 minutes.

# Excursion 1 - The Indian state

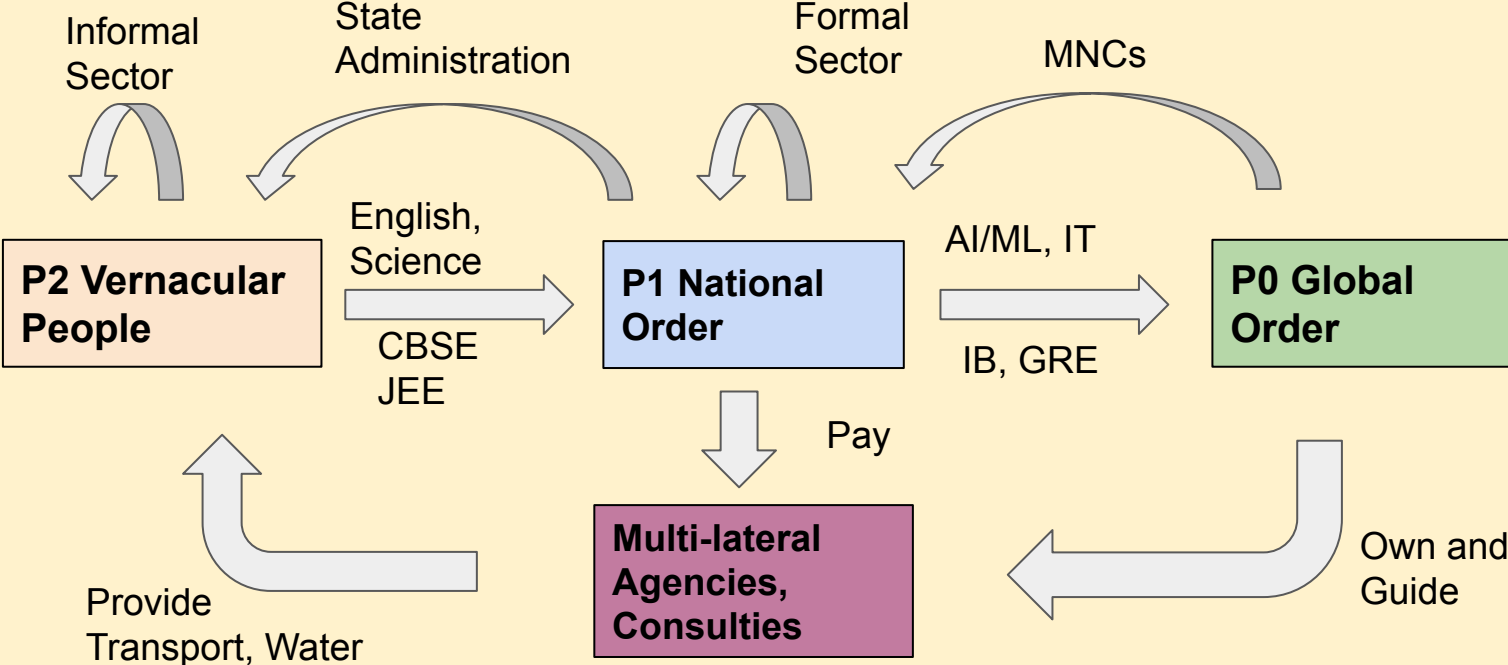

# But many historical connections - Kautilyan, Chinese and Mughal

1. The historical role of the bureaucracy - the “best” from the common people.  
**Indian version:** Prestige without accountability. Nothing is measured. Departments have expenditure statements but no performance report.

Elite Agency: **Classic Indian** Belief in power concentration to be filled by the exceptionally gifted.

2. **Oriental Despotism** : "law of diminishing administrative returns" kept rulers from controlling all aspects of their subjects' lives, so that "**genuine elements of freedom remained.**" This freedom, however, amounted only to a "beggar's democracy." The "**rationality coefficient** of hydraulic society" means the society's ability to get things done, operating at three levels at which the government must be effective: managing the agrarian economy, ("managerial"); using corvee and taxes, ("consumptive"); and maintaining peace and order, ("judicial). **But did the ancients ever want free will?**
3. Mughal era: Huge knowledge imports, growth through the merchant economy and the swelling central coffers and pauperizing the local state - huge inequality.

# Excursion 2: Elementary Structure of Indian Society

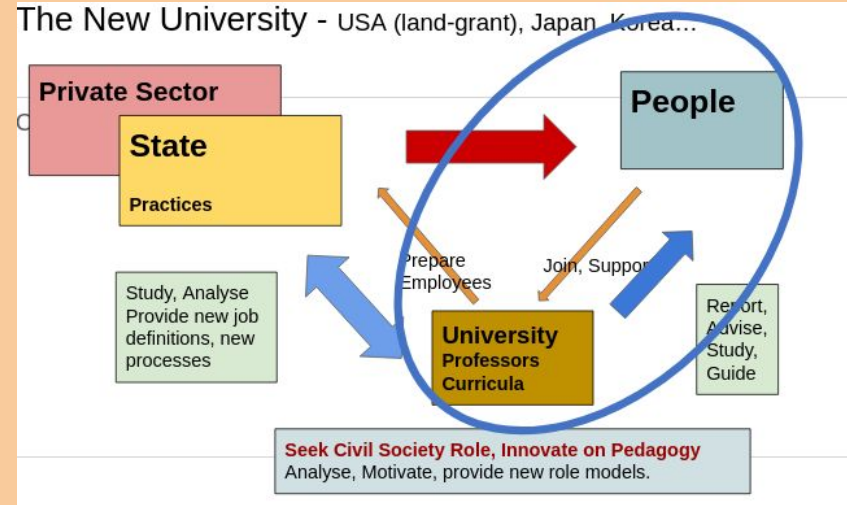

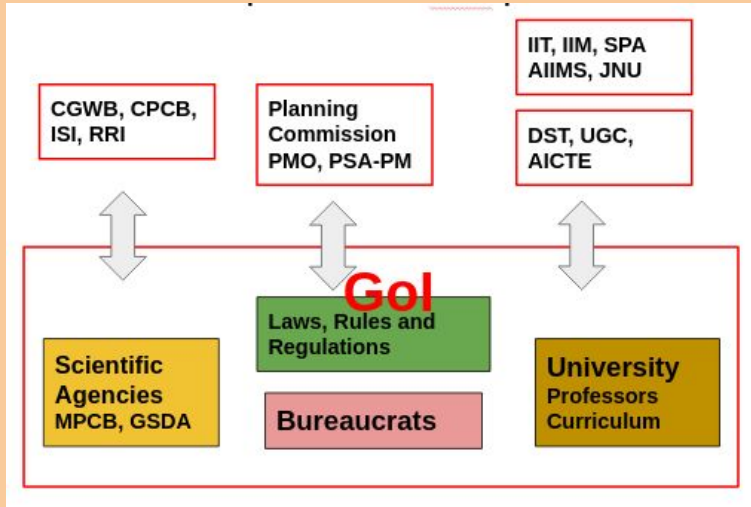

## We the people ...

1. The people P are really P1, a top 5-10% and P2 the remaining. P1 is largely urban, “national” and English-skilled and salaried. P1 runs a trade deficit. P2 runs a trade surplus.
2. P2: Labharthi. Largely, no civil society role or citizenship for P2. Not based on enlightenment or a better and more capable or discerning individual.
3. P2: Pre-modern associations of caste, religion. No special interests or pressure group - public-transport commuters association, or ration-card holders association. But pensioners in P1 is an important pressure group.
4. **Many of our questions are P1 articulations of P2’s problems. Can P2 feel? Can it speak? Can it articulate? It is heard?**
5. P1 remains one of the most uncreative of the rich people in the world. Few authors, thinkers, philosophers, historians, sportspersons...public people.

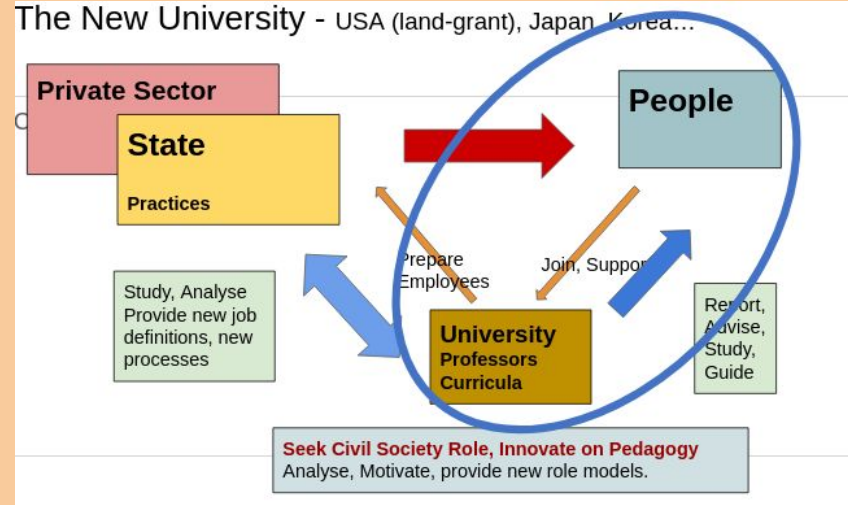

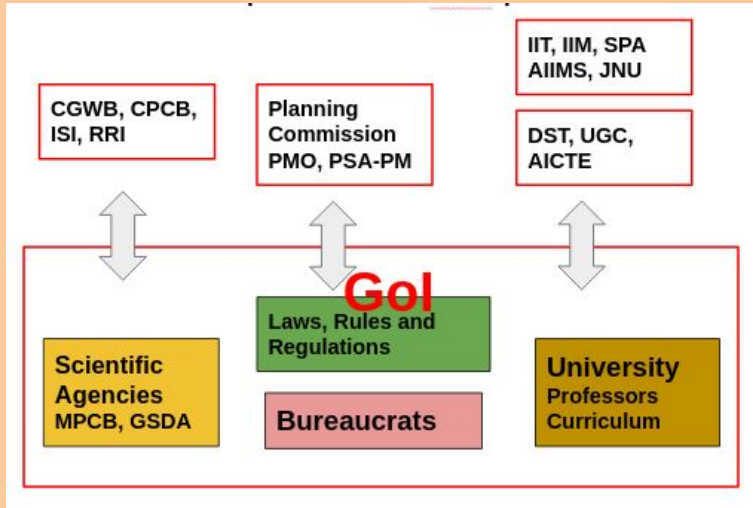

# So, when will the virtuous loop of the Science of Delivery start?

**Politicians can do little to deliver development - They can do a lot more by holding our Scientists, Bureaucrats and Professors accountable.**

**Vikasvaad 2.0**

# So, when will the virtuous loop of the Science of Delivery start?

Politicians: Time of great essence : Unemployment in youth is raging at 25%-40%.
