---

<sup>1</sup>*vernacular*: spoken as one's mother tongue, not learned or imposed; domestic and functional rather than public or monumental.

# Motivation: How will this get better?

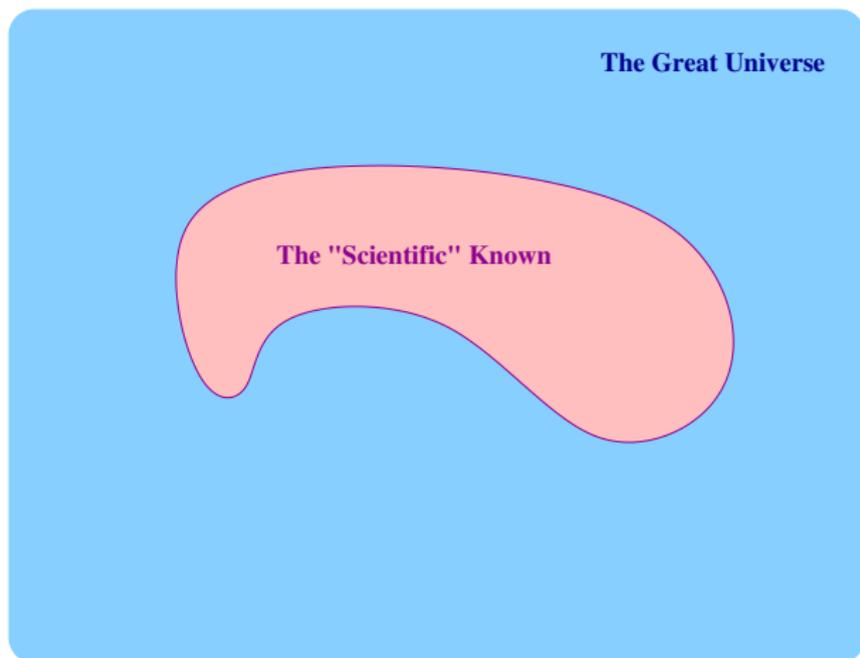

Manisha and her family

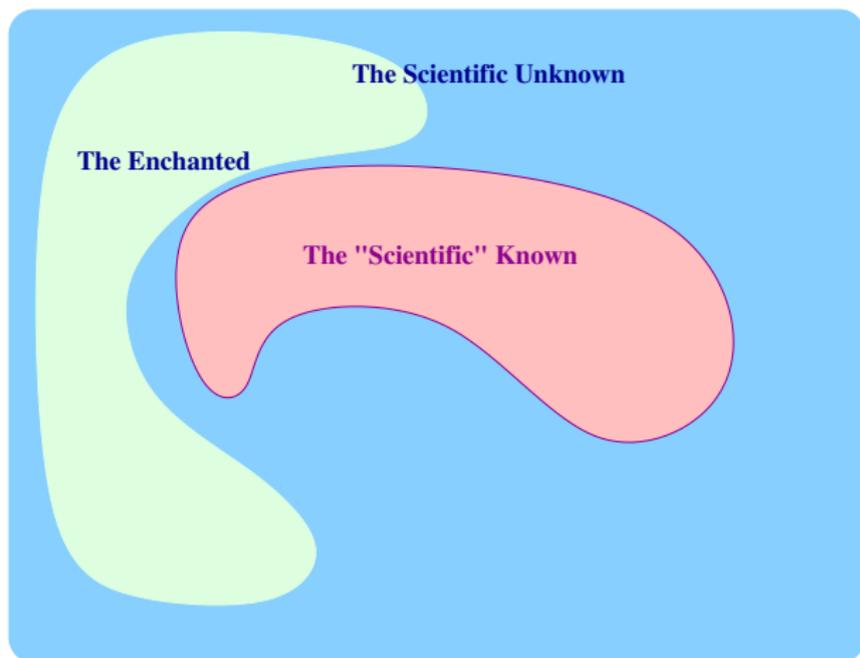

Hirabai at her cookstove

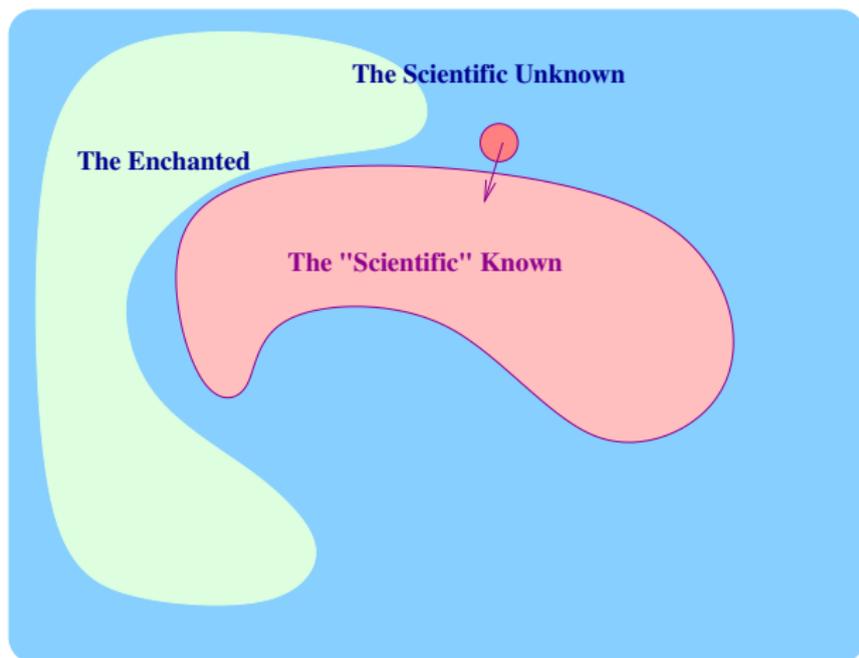

# Science

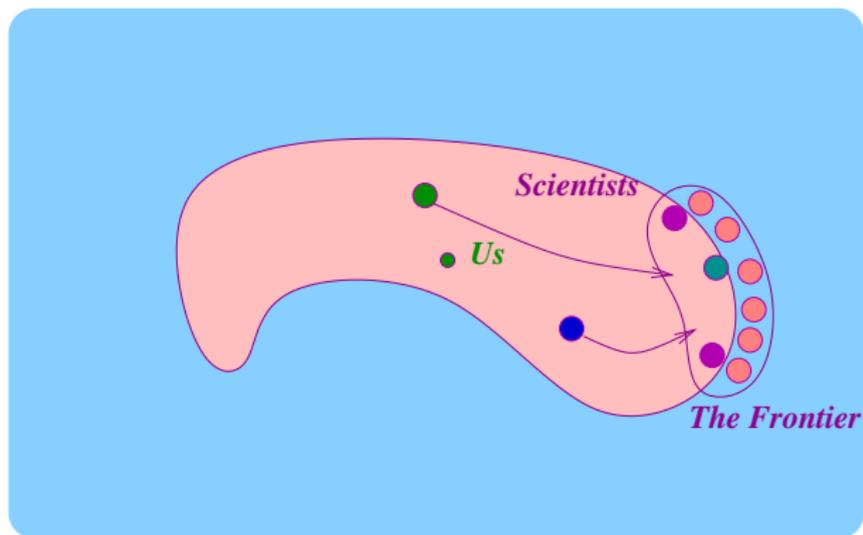

# Science and the Enchanted

# New known

# Global Science and Big Science

# How will big science deliver?

Manisha and her family

Hirabai at her cookstove

# The traditional

# and what is needed

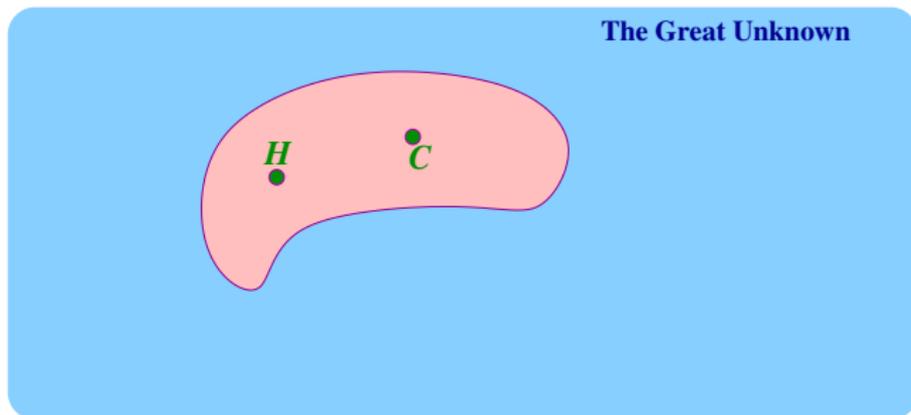

# Hirabai's cook-stove (*chulha*)

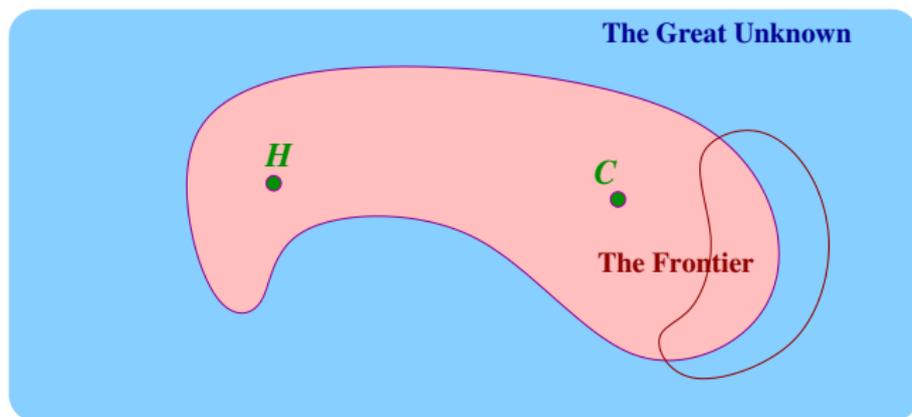

# Tinkering with *chulhas*

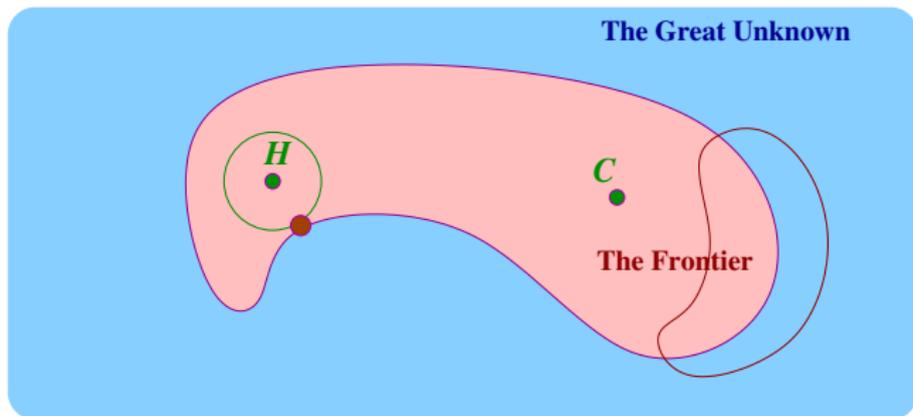

# Fifty years ago

Now

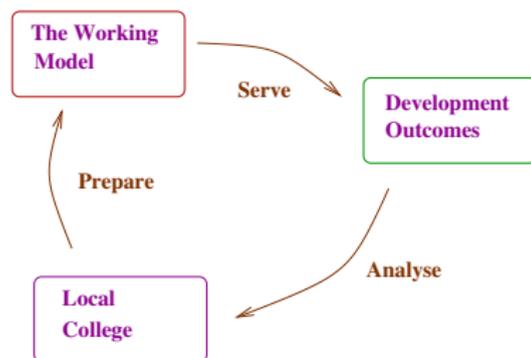

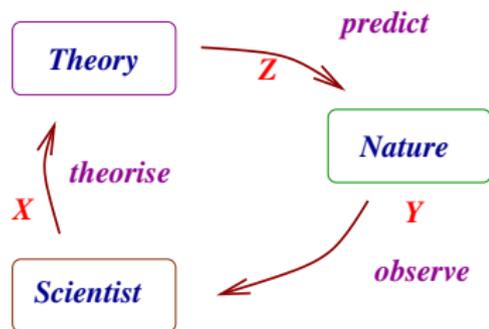

# Where to begin?

# Vernacular Science

# Traditional Science and Vernacular Science

# and the University

**State/Corporations**

**The Working Model**

**Serve**

**Development Outcomes**

**Society**

**Guide**

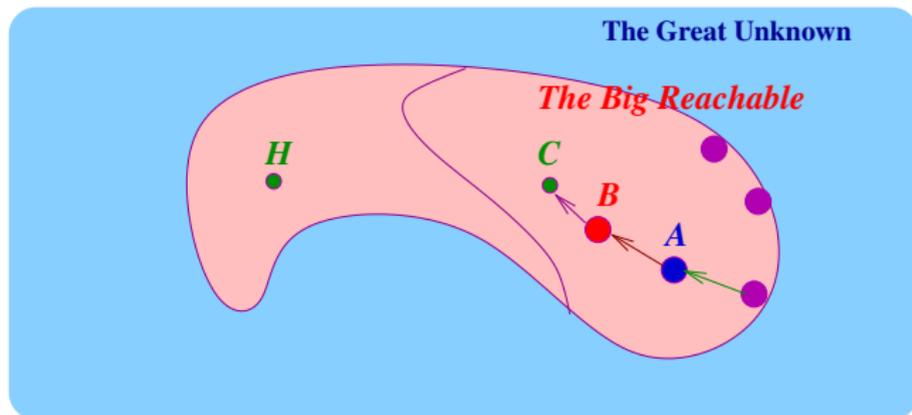

**Advise**

**Analyse**

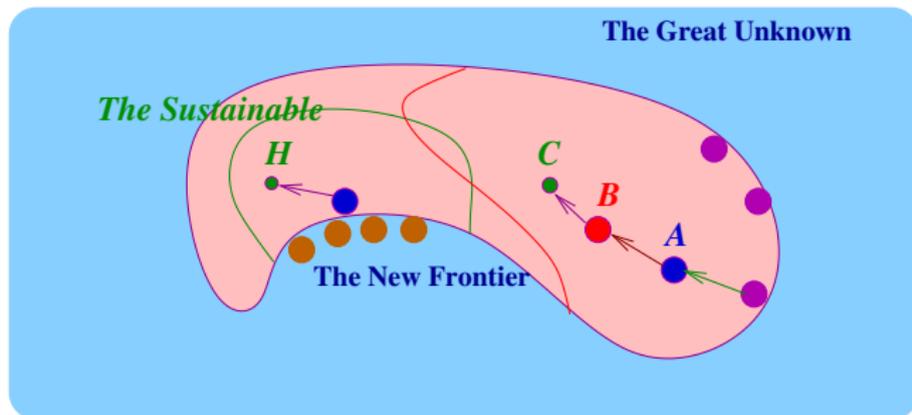

**Faculty Students**

**University Civil Society**

# The Global Reachable

# The Sustainable

# Science and the community

# Thanks
